Von Sylvia Day, S. J. Day : Eve of Destruction (Marked series Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Eve of Destruction (Marked series Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Mja, nicht schlechtVon PuppaVon der guten Rezension angesteckt habe ich mir das Buch geholt und war eigentlich recht zufrieden.Die Marked-Serie handelt von Eve, die aufgrund einer vergangenen Affaire mit Alec Cain (jajawohl richtig

gelesen, die Serie steht ganz im Zeichen des biblischen Konflikts zwischen Cain und Abel) mit dem Kainsmal belegt und hat fortan die Möglichkeit ihre "Snde" als Bounty Hunter auf der Jagd nach abtrnnigen Dmonen abzuarbeiten. Jedoch wird Neuling Eve aufgrund Alec's Liebe zu ihr schnell zur Zielscheibe fr seine Feinde. Und dann ist da natrlich noch Reed Abel, der ebenfalls ein Auge auf Eve geworfen hat...Insgesamt hat mir das Buch recht gut gefallen (lediglich die sehr expressiven Sexszenen vom ersten Drittel waren mir persnlich etwas zu berladen), das biblische Setting ist mal etwas anderes und Eve ist wirklich eine mehr als sympathische und witzige Heldin. Jedoch muss ich auch gestehen, dass obwohl sich die Story gut und flssig las, sie mich nie so sehr gefesselt hatte, dass ich das Buch nicht mehr weglegen wollte. Das Probleme liegt wahrscheinlich darin, dass es auch diese Buch es nicht schafft sich aus dem Einheitsbrei der duzenten von Paranormal/Urban Fantasy Bchern hervorzuheben, die derzeit den Markt berfluten, Schade!Habe mir aber immerhin noch den Nachfolgeband geholt vielleicht wird's ja noch.**** Schwache 4 Sterne2 von 3 Kunden fanden die folgende Rezension hilfreich. Class can be hell.Von SusiSunshineThis book starts exactly where the first ended. Eve faces new problems- not only the bad boys are on her trail also her fellow Marks aren't as friendly as they should be. She's confronted with a bunch of new wannabe Marks, each of them struggling with his/her new obligation. Eve becomes the underdog and she doesn't know who to break free of this position. There seem to be too many prejudices regarding her connection to the brothers. When the killing starts she is obsessed with finding the killer and making him pay.Alec is on a different mission. He has to find the Alpha who threatens his and Eve's life. His mission separates him from Eve and he's not very happy about this. He sees the possibility Reed could gain out of this. Many unexpected things happen and he has to adjust his priorities. Things only get more complicated for him.Reed is on a mission to investigate the strange murder of Marks all over the world and has to find a way to solve this problem while watching over Eve and her ability to attract chaos and other complications. His attraction for her only grows but he's stubborn enough to not push her into something she would regret.In this book our heroes have to stand for themselves without forgetting the others. The relationship between the three is slightly altering and brings new aspects and possibilities into the story. Things we took for granted change drastically.The story is a good mix of thrill and action but in my opinion a little passion is missing. I enjoyed reading the book and had to start the next one after reading the last sentence.5 von 7 Kunden fanden die folgende Rezension hilfreich. Great new series!Von SusiSunshineAs I started the book the first thing I thought: Oh I grabbed the wrong book. *Susi goes to bookshelf and looks for the #1 book in the series* Yeah, OK reminder for me: Finish the first chapter before judging! Very cool thing to start a book with the end. I was a little confused but after that I wanted to know how Eve got herself in this situation and my addiction started.The story is very straight forward and pulled me right in this world full of biblical creatures and "stars". I thought that would be a little problem because I'm not so well informed in this field. But luckily it's also the first thing Eve and I have in common, being agnostic that is, so I had no problem to follow the story.The characters are great developed. Eve is exactly my kind of girl: she stands with both feet on the ground, works for herself and has quite an attitude. She's thrown in the middle of two fighting brothers and a whole bunch of Infernals which would love to harm the brothers through her. She has no real time to adjust to the circumstance but she handles everything quite good. I love her witty comments and that she allows no-one to shut her up.Cain and Abel are some guys. Both have their pro and cons but two things they have in common: they are unnaturally yummy and they want Eve.Alec Cain is love with Eve. This is a given from the start. He left her because he knew they can't stay together forever, they are too different in their expectations for the future. But as soon as he heard of her Marking he tried to make it as good as possible for her. He wants to free her only because he knows that's the thing she wants. Adorable isn't he? But he also has his own ambitions?Reed Abel was ordered to mark Eve and wasn't prepared to be drawn to her like that. Reed's attraction for Eve seems to be more physical than Alec's. And sometimes it feels like this "I take what my brother loves" thing they have. But he cares about Eve nonetheless.The story jumps from one incident into the next and never takes the edge away. The interactions between the three are great described, you can see how they influence each other- intended or not. I loved the way her dialogs work, you can see the jealousy between the brothers. The whole concept for this book is great!So summed up a great book with nothing to criticize!

KurzbeschreibungFrom the #1 Sunday Times bestselling author of Bared to You For Evangeline Hollis, a scorching one-night stand has led to a divine punishment--the Mark of Cain.Now reunited, Eve and Cain are working on transitioning their insatiable desire into a tentative new relationship even as she struggles to become a full-fledged Mark--one of thousands of sinners forced to hunt demons as penance. When her training class goes on a field trip to an abandoned military base, things take a dark turn: There's a demon hidden among them, killing off Eve's classmates one by one.To make a bad situation more dangerous, Eve's body is still adapting to the Mark and the new abilities and challenges that came with it--such as uncontrollable bloodlust...which seems to be inciting another kind of lust altogether.With Cain out on assignment, Eve's simmering attraction to his equally sexy brother Abel grows--and Abel is more than willing to take the heat...PressestimmenWhen we last saw new 'Mark' Eve Hollis she was on the precipice of life and death, so thankfully Day wastes no time jumping back into the fray. This trilogy has a complex mythos that

continues to place legendary siblings Cain and Abel at odds. Plenty of action keeps the middle book racing along. Day has a genuine flair for urban fantasy!RT Book sGreat characters and terrific storytelling in a hot-blooded adrenaline ride. Akeep-you-up-all-night read.Patricia Briggs, NewYork Times bestselling author
