Von M. Leighton : Everything for Us (Bad Boys Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Everything for Us (Bad Boys Series):

Nice closure for the Bad Boys but not more Von Kindle-Kunde Everything For Us is difficult to review and to rate for me. I didnt connect with the story and their characters didnt feel their emotions, skipped pages and galloped through the book. Never a good sign! I think my reading behavior has more than one reason. First, Leighton's writing style isnt

detailed and deep enough. Marissa is the best example. She experienced a life changing situation that turned her world upside down, I can relate with her and feel her emotions to a specific extent but not like I want to feel it. I didn't connect with Nash at all. I know all narrations reflect the character's personality and Leighton does a great job with it but it is hard to connect with him. Mostly because he doesn't want to connect with anybody but even when he wants I don't feel it. When he opens up and admits his love to Marissa, he is the exact opposite of himself and sounds a little bit cheesy. I didn't like that he offers a complete personality change. That's out of character. Sure, I keep in mind that he is desperately in love with Marissa and wants her back but Nash could convince her differently. Unfortunately, the other storylines about Nash's family history and Cash's relationship with Olivia don't help to increase the excitement of the book but I really hope there will be a fourth book about Ginger and Gavin. I think they would fit perfectly. 14. Juni 2014

Kurzbeschreibung The intensely exciting conclusion to DOWN TO YOU and UP TO ME, from New York Times bestselling M. Leighton. When it comes to passion this hot, it's all or nothing...Olivia Townsend's wealthy cousin Marissa had everything a girl could ask for - a great job, a privileged life, and all the friends she wanted. Or, at least, all the friends money could buy. But one case of mistaken identity has turned her privileged world upside down. An abduction gone wrong lands her right in the lap of the sexiest, most dangerous man she's ever met. To Marissa, he's an enigma, but one to whom she's irresistibly, inexplicably drawn. With him comes a new world of freedom and passion, of dark shadows and dangerous secrets, a world where nothing is what it seems - except for the blind passion that Marissa can't escape - or maybe even survive. If Sylvia Day, Samantha Young and Jamie McGuire captured your attention, EVERYTHING FOR US will have your imagination running wild. **Pressestimmen** Praise for the Bad Boys novels Scorching hot insanely intense and it is shocking.
