I fell for itVon RayanvarThis is the first and only story of this author I read, and it was an entirely pleasant experience. I fully enjoyed the writing style: vivid scenes full of life and motion captured in short, clear sentences. The mix between everyday events, complications, surprises, threats, funny and very sensual moments is well balanced. The story is not

being dragged on with irrelevant artistry or angsty ballast. The background story of the origin and characteristics of the shape shifters is also not bad. I was pleasantly surprised with the main characters: intelligent, educated and witty, young but experienced, they know what they want and are not afraid to profess their desires without dancing around the bush. Two refreshingly modern young guys I could identify with: No fear of communication thus no misunderstandings, not modest or shy but also not overly arrogant, open minded, kind hearted but not maudlin, equipped with a healthy sexuality and the suitable sensuality. I would love to read more stories from this pack when more of its members should be gay. Recommended! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Keira never disappoints Von leylinjan I'm a devout Keira-fan and this story was just one more in a long line of all-time favourites. Thanks Keira, for writing such an awesome story! It had a good mix of plot and sexy romance, something which I've come to appreciate a lot in your stories. The only thing that could have possibly made this story even better is if it had been longer. I'm also two minds about the Jefferson issue - on the one hand, I really liked that this story was mostly really light and happy because that is just perfect sometimes, but a little bit more direct confrontation between them and thus a tiny bit more drama would also have been good. Still, this is definitely a 5/5, because I loved it, and I'm gonna read it again :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Groartige Fantasy und sexy Drama! Von Stefanie Nord Keira Marcos hat (mal wieder) eine groartige Fantasy-Story mit viel Liebe zum Detail und Blick auf soziale Strukturen entworfen. Die Charaktere sind liebenswert, glaubwürdig und quirky gestaltet bis in die kleinen Nebenfiguren und die Handlung bringt gerade genug Drama um stets spannend zu sein, ohne dabei ins Absurde abzurutschen. Garniert wird das Ganze mit einer sexy Lovestory - prden Lesern wre ich von diesem Titel abraten - allen anderen empfehle ich eine Lektüre im Privaten, kein Grund sich den Spa zu verderben ;-) Ich hoffe instndig auf eine Fortsetzung!

Kurzbeschreibung Dr. Riley Blake left New York and moved to a small town in Maine after inheriting his uncle's house. Unfortunately, a disturbing part of his past follows him. The last thing Sheriff Marcus Cameron really had time for was a new relationship. As the son of the alpha of the largest werewolf pack in the area, he had a duty to his family. But Riley Blake is a gorgeous temptation, and he's always been rather fond of giving into his baser instincts.
