Fantasiy fantasy storyVon QuerleserI really love Sebastian and his grumpy attitude. I loved getting to know him and seeing behind his hood to the lonly man yearning for sth he doesn't even know. The prince and his arrogance are exactly what Sebastian needs. Who else would ignore his resistance and try again and again to win him over if not a prince convinced to be "the one" for Sebastian (and seeing Sebastian as his "one" of course).The story his well-written,

the main characters convincing in their good or bad roles. The only problem I had was with Sebastian's family. His seemingly animosity absolutely convinced me, so I couldn't understand the change from "horrible family" (with Orphelia as only exception) to "wonderful if annoying family" who always helps and has his back whatever the danger. If you like a fantasy story with magic (more or less powerful magicians as well as magic forests, elves, trolls, and others), powerful artefacts, suspense and drama, annoying brothers and sisters (and way too many siblings - and therefore in-laws - by the way) who don't mean well, but in case of danger have your back, horrible parents with a strange way to show that they care, a ruthless and rather powerful villain, kidnappings, blackmails, lies and schemes all around, a nice king with a wonderful and strong queen, well described characters and nice little things to make them even more authentic and believable, and of course a real love that conquers all: the annoying family, the ruthless bad guy and all challenges of a relationship (personally, I really liked the idea of the shrinking spell! Handy - and funny as hell!). A funny story with all the good stuff a fantastic love story needs.

Von Kunde Ich finde dieses Buch hat mehr Anerkennung verdient, als es bis jetzt bekommen hat, weswegen ich auch dieses Kommentar schreibe. Grundsätzlich sollte ich erst einmal sagen, dass ich dieses Buch schon mindestens 10 mal gelesen habe, also ist es meiner Meinung nach sehr lesenswert. Es vereint meine Lieblingsinhalte von Bchern, zum einen geht es um gay romance, einen Prinzen, Magie, Entführung und grundsätzlich einfach sehr viel Fantasy. Am meisten gefällt mir der Charakter von Sebastian. Er sagt einfach was er denkt und macht da auch vor dem Prinzen nicht halt. Im Gegenteil er kritisiert in so oft er kann. Da kann einem Turen schon leid tun, besonders da er ja auch in Sebastian verliebt ist. Aber er lässt sich davon nicht abbringen und versucht weiter Sebastians Herz zu gewinnen. Während die beiden jedoch miteinander flirten, bräut sich noch ein viel größeres Problem zusammen. Da ich nicht zu viel verraten will, werde ich hier nicht mehr über die Story schreiben. Ich wünsche nur noch allen die dieses Buch lesen, sehr viel Spaß dabei und hoffe das es ihnen genauso gefällt wie mir.

Von Sebastiaa Das Buch hat mir insgesamt sehr gut gefallen. Sogar letzte Nacht zu wenig Schlaf bekommen weil ich weiterlesen wollte. Hoffe es gibt bald noch eine Nachfolge. Denn die komische Familie ist mir ans Herz gewachsen. und es ist immer wieder schön Fantasy aus einer schwulenfreundlichen Welt zu lesen.

Kurzbeschreibung Sebastian Orwell did the only thing a smart wizard could do when he stumbled upon the wounded Crown Prince: he healed him and dumped him in a tavern where he could continue not being Sebastian's problem. Unfortunately, the prince isn't content with being alive, and he hunts Sebastian down to thank him personally. Not only is Sebastian stuck with the prince's unwanted affections, he's also confronted by growing evidence linking the assassination attempt to someone from his father's past. Lord Orwell is a lot of things: thief, liar, drunk, and all around horrible father, but Sebastian knows he's no murderer. In order to prove it, Sebastian has to keep the prince alive long enough to discover the truth a task made considerably harder because the idiot prince prefers wooing Sebastian over securing his own survival. On top of everything, Sebastian needs to save the day without revealing his magical powers and the real reason he hides his appearance. Sebastian had no intention of playing the hero, but whoever is stirring up shit in his country will pay for destroying his quiet life.
