both really need. But when they return from the hospital where Nick was treated for an ugly bruise after playing hockey, they are horrified to find Sam's niece Brooke at their doorstep. Naked, bloodied and unconscious and wrapped into a dirty sheet. At the hospital the doctors discover that she is drunk, drugged out of her mind and has been raped repeatedly. But the night is not over yet and when Sam is informed about a mass murder with various teenagers involved - all stabbed to death while having sex and consuming drugs and alcohol - Sam has to wonder if Brooke was involved. Risking her career, she starts to investigate while wondering if she still has a job when this case has been closed..I really don't know how Marie Force is doing this! Every time I start to read a Fatal book, I'm convinced it cannot get better than the last one and each and every time Marie proves me wrong. If I hadn't had an invitation for a breakfast, I would have read the whole night through until the book was finished. However, I stopped at 73% to get at least a few hours of sleep. Otherwise I would have finished the book in one. Amazing storyline and I had no clue who could have done this. The story around Brooke was heartbreaking and I was just as furious with her as Mike and Skip. I just hope she learned her lesson and takes the second chance she got.I read this book together with my best book buddy and we both are absolute addicted to this series. Now we have to wait until January 2015 to get to know if Skip recovers from the surgery. We wonder if Sam and Nick will ever have a baby - the big questions - and what happens next in the lifes of all the friends and family.This series is amazing. The focus is divided between the case and the people and their lifes. It is like meeting old friends after a while and they tell you how they have been. I already pre-ordered the next installment "Fatal Scandal" for my kindle. Hopefully, January 2015 comes soon!0 von 0 Kunden fanden die folgende Rezension hilfreich. Tolles BuchVon Lena Christin OhmIch habe die Serie von Marie Force binnen krzester Zeit verschlungen. Da ich selbst eine Zeit lang in Washington, D.C. gelebt habe, hat mich vor allem die Beschreibung der Stadt und der politischen Ablufe restlos berzeugt. Von der tollen Liebesgeschichte von Nick und Sam mal ganz zu schweigen... ;)0 von 0 Kunden fanden die folgende Rezension hilfreich.
