Entertaining Novella Von S. Wolf This novella tells the story of Nick and Kate, known from Carly Phillips novel Serendipity. The story is straight forward without much detour and with the obvious happy ending. Fated is not as funny and enthralling as some other work from Philips, which I really enjoyed, but it presents an hour of good entertainment.

Kurzbeschreibung The New York Times bestselling author of the Dare to Love series welcomes you to Serendipity, where love, fate and fortune intertwine in this e-novella... Fans of Bella Andre, Rachel Gibson, Julie James and Jill Shalvis, will fall head over heels with Carly Phillips' special town and her unforgettable characters. Kate Andrews is the original rebound girl. But she has had enough and has vowed never to be someone's second choice again. Unfortunately, her undeniably intense desire for Nick Mancini is testing her best-laid plans because Kate has carried a torch for Nick since high school - but she's always been permanently in the friend zone. Lately, Nick has definitely noticed Kate. Unfortunately he can't get her to take him seriously. He knows he's made some stupid moves in the past but he's determined to get Kate to act on their obvious and mutual attraction. However Kate's stubborn and she's been hurt before, which means Nick will have to pull out all the stops in order to convince her he's not the same boy she used to know, and she's not second best ... she's everything. Return to Serendipity for more sexy romance with the other books in the series, Serendipity, Destiny, Karma, Perfect Fit, Perfect Fling and Perfect Together.
