Von Lauren Groff : Fates and Furies before purchasing it in order to gage whether or not it would be worth my time, and all praised Fates and Furies:

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Mind blowing! Von K. Darcy The BEST BOOK I have read in 2017 so far. I mean it: literally. It is greatly intriguing to see a love story develop from two standpoints and Lauren Groff's prose is so beautiful and poetic that it's almost unsettling. Will go on to read her entire body of work. Go do yourself a favour and buy this book! :-)

Parfait pour l't!9 von 9 Kunden fanden die folgende Rezension hilfreich. Fates and Furies Von miss.mesmerized The perfect couple, the perfect love. Only twenty-two, Mathilde and Lotto see all the life and glamour ahead of them, both into the arts, they are destined to make their way to the top. But life is not that easy and success on Broadway does not come easily. So this easygoing love has to face hard times of marriage and especially the secrets that lie much deeper than both of them would ever expect. I found it rather difficult to find my way into the novel, it took some time to see through the narrative structure which springs backwards and forwards and thus reveals secret after secret and changing thereby the whole plot. In the end, you have got a completely different story from what you had in the beginning or the middle; this is not only astonishing, but rather fascinating. The main characters, besides Mathilde and Lotto, basically another friend and Lottos mother and much younger sister, are drawn in a very authentic and plausible way. Albeit the fact that Mathildes life seems to be rather strange and unique, you can imagine those people and you find traits in them that are inherent in the human nature and thus omnipresent in reality. The title seems, at first, to be chosen due to the alliteration, it sounds good and is easy to remember which might help selling the novel. But and this was quite an astonishment it is simply perfect for the novel. I was looking out for the fury for quite some time, but then it finally hit me like a hammer and the main character transformed into a Greed goddess like Nemesis who directs the way of the people around her. Not an easy novel to read, sometimes even hard to digest, but it is definitely worth the hardship.

Every story has two sides. Every relationship has two perspectives. And sometimes, it turns out, the key to a great marriage is not its truths but its secrets. At age twenty-two, Lotto and Mathilde are tall, glamorous, madly in love and destined for greatness. A decade later, their marriage is still the envy of their friends, but behind closed doors things are even more complicated and remarkable than they have seemed.
