Love the Page-BrothersVon Carolin JacheFighting Soltitude is the story of the third and youngest Page-Brother, Quarry. He has a best friend since childhood, Liv, but one day, they have a big fallout and their friendship is in shambles. When Liv finally decides to forgive Q for his mistake, there is someone else in his life, who can either threaten their friendship

further or make it as strong as never before Ever since the first book in this ON THE ROPES-Series Fighting Silence, I love all three Page-Brothers. Those books are not only about the romance but also about the family-bond between the brothers and then later also between their women. Speaking of romance, Aly Martinez definitely knows how to pull at your heartstrings AND how to make you jump your spouse!!! The chemistry in all three books is off the charts and the emotions packed me full force. Her writing surely is a big plus in this regard, it totally fitted each and every character even the male parts, which are always a bit of a crucial part in a dual point novel for me personally. But Martinez did everything right. For better or worse, there were some teeny tiny parts, that were over the top and I wanted to slap the female MC a time or two, but that's only another proof of how much I FELT for the characters! All in all, I rate Fighting Solitude with 5 stars and I hope we will get to read more about the Page-Family in the future! This is a standalone novel in a series with HEA and mature scenes. Each book can be read as a standalone, but I advise to read them in order, beginning with Fighting Silence, Fighting Shadows and then Fighting Solitude.*** This review is also posted on CollectorOfBookboyfriends.com ***0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read Von Jen R4.5 stars Man these Page boys are something else. They just get to me like no other. I love them all and was so happy to read this book, Quarry's story. Ah. Fighting Solitude was amazing. Such a fantastic read. I remember reading Fighting Silence, my first book by this author, and loving every minute of it. I wasn't sure anyone would surpass Till in my mind, but Quarry...he just might. Really I just love all the brothers and the ladies they keep in their lives. I remember reading when Quarry and Liv first met in a prior book. I remember thinking okay, these two are going to be together forever. Obviously they are meant for each other. But then Mia was there in the last book and I was just like wait a minute. What happened to Liv? Mia and Quarry? Yeah okay, but Liv and Quarry!! Man in some ways I am sad that this is the last Page brother story I will get. In some ways I want more brothers so I have more stories to read. But in some ways I am glad this is the last one. I am glad I didn't get another heartbreaking ending to a story. All three of these books could be read as stand alone books, but really you should read the other two regardless of when you read them. Probably before this just for the ending of this one. If you have all of the backstory then the ending...oh it will get to you. Not necessary, but I am glad I read the others first. But each of them has a happy ending for the main couple of the story, but something heartbreaking that happens to someone else. So I am glad I didn't have to tear up because my heart was breaking at the end of this story, but more because I just love these brothers and am so happy for them. So Quarry and Liv. I loved both of these characters so much. I am so glad the author went back and showed us their lives from the moment they met until present day. I just kept reading and waiting to see what in the world could have possibly happened to let Quarry and Mia happen. Because these two obviously love each other, but they are just stupid kids at the same time. Stuff happens and they don't always deal with life the way they should. It is expected, but oh. Poor Liv especially. My heart went out to her so much. I am always a bit nervous to read a story where the one main character loses someone they love and then this is the story of them falling in love again. Especially when the new love was friends/family of the person who was lost. A lot of times I feel like the authors don't do a very good job with it. The people move on way too quickly and it is like the first person wasn't even there. Luckily Aly Martinez is amazing and handled everything post Mia wonderfully. I loved that Quarry and Liv needed time to mourn the loss of Mia before anything could really happen. I loved that Liv still has a hard time with everything because she was such good friends with her. It felt real. It felt like these two people who have had so many roadblocks were just trying to figure out how to get over this last hurdle and be together. Oh it was great to watch. Liv has always loved Quarry. Even when he was with Mia. I mean really how could she not? Quarry is an amazing guy, even if he thinks he only fails those he loves. When he cares about you he would do anything for you. He cares deeply and once he decides he wants something he gets it. And once he realizes that he likes Liv as more than friends, oh it was cute. He doesn't really know how to go about making the transition, but he doesn't let her just put a stop to them before they even have a chance to start. He knows she is hesitant, but he won't let her go once he realizes he needs her in his life as more. I loved every moment of this book. One of the best books I have read so far this year. Throughout this story we get to see the rest of the Page clan. Flint and Ash, Till and Eliza, everyone you have met in prior books. And the ending? Yes, I may have teared up when I got to the tiny Till point of view section. I just...he just gets to me. Knowing everything that they all have been through, how hard all of them have worked to be where they are now? Amazing. Simply amazing.*Note: I received a copy of this book in exchange for an honest review This review was originally posted to Jen in Bookland 0 von 0 Kunden fanden die folgende Rezension hilfreich. Kurzbeschreibung I was born a fighter. Abandoned by my parents, I spent my life forging my own path guided by my fists and paved with pain. Untouchable in the ring, I destroyed everyone who faced me, but that's where my victories ended. Outside the ropes, I repeatedly failed the few people who loved me. Including my best friend, Liv James the one person I'd die to protect. Even though I didn't deserve her, Liv never stopped believing in me. Never gave

up. Never let go. After all, she understood what I lost, because she lost it too. Liv was everything to me, but she was never truly mine. That was going to change. I lost my first love, but I refused to lose my soulmate. Now, I'm on the ropes during the toughest battles of my life. Fighting to be the man she deserves. Fighting the solitude of our pasts. Fighting for her.
