emotional second chance lovestoryVon Emmi ROne of my favorite books in 2015 so far. I started readings "Fighting to breathe" as soon as the preorder hit my kindle and finished it within a day.Lea and Austin journey is such an emotional second chance lovestory, I really didn't want to put it down."Sometimes in life, you're only given the shot at

something beautiful once, and when you have it in your grasp, you'll do anything to keep it, even if you end up crushing it in the process."We met Austin briefly in "Until Lilly" but honestly I didn't care for him that much at this time. But now I'm so glad Aurora Rose Reynolds gave him his own book. This is a beautiful written story about dealing with loss, anger, healing, finding yourself, forgiveness and a first love that deserves a second chance. It was hard sometimes to witness the hurt and heartache both Lea and Austin felt, but I wouldn't want to miss one single page of their emotional journey, because in the end you also feel the hope and the love

Kurzbeschreibung Lea Lamb and Austin Wolf were young when they fell in love. They never imagined the future could hold anything other than together-forever. When Lea's father dies in a tragic fishing accident, she's crushed under the weight of her grief and catches a glimpse of another type of future, one she knows she's not strong enough to face. Austin is angry. For the past fifteen years, he's believed the woman he loved with every ounce of his soul left him without so much as a backwards glance. When Lea unexpectedly returns to their hometown, all the years of heartache inside Austin bubbles to the surface and presents itself as blinding rage. Faced with the truth about the past, a newly discovered secret, these former lovers will learn that if they want to have any chance at the future they'd given up on all those years ago, they will have to rescue one another from drowning in pain so debilitating it will leave them both fighting to breathe. Warning this book is intended for mature audiences and may contain triggers for some. Natasha Gentile said This book, this book, killed me. I was so surprised when Aurora announced that Austin was getting a book. I mean we met Austin in Until Lilly where we didn't really want to like him, but we fell for him hook line and sinker. From the first page of this book your heart is beating a little bit faster than normal. Read More Sleep Less blog said highly recommend this story!!
