Von Johanna Lindsey : Fires of Winter (Viking Haardrad Family) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fires of Winter (Viking Haardrad Family):

Very real!Von Ein KundeI truly loved this book because of its very realistic description of the Viking raiders. I am sure that most romance readers will have difficulties with this book. Especially with the descriptions of raping women and

treating the captives as slaves. But this book does not change history - it is written for readers who want to learn something about the Norsemen and their time. I appreciated the story about Brenna and her life before and after the Viking attack. Garrick was not the usual "kind-hearted but always scowling and frowning" hero who does everything to hide his true self behind a gruff behaviour. The rape scenes are surely to not everybodys liking but Garrick behaved like men in his time would have done. A great plot!1 von 1 Kunden fanden die folgende Rezension hilfreich. Great, but not her best!Von Tracy TalleyI loved this book, but it lacked the element of passion to me. I agree with the other lady before me, this is the way women of this time were treated, you can't change history! I loved Brenna, but Garrick took awhile for me to come around to. I just thought the plot could've been developed more. But was an excellent read for those who like real history and a look into the life of Vikings, not politically correct 20th century life.2 von 2 Kunden fanden die folgende Rezension hilfreich. One of Lindsey's best!Von MandyHaving read nearly all of Ms. Lindsey's work and finding that 9 times out of 10 she does a superb job, I still have to say *_Fires of Winter_* remains one of my very favorites. Brenna and Garrick are both very believable characters with an attraction so powerful that it pulls you right in from the first. Yes, sometimes you want to hit Garrick and you might even find yourself yelling at Brenna but that only makes the book all the more enjoyable. The first of a trilogy, *_Fires of Winter_* definitely leaves you wanting more. The history, the love, the passion, and the romance make *_Fires of Winter_* a classic and worth repeated readings. A must have for any Lindsey fan and anyone wanting to be exposed to Lindsey at her best.

KurzbeschreibungLovely and dauntless, abducted by invaders from across an icy sea, Lady Breena vowed vengeance swearing no Viking brute would be her master no barbarian would enslave her noble Celtic heart, but then came Garrick Haardrad, the proud and powerful son of a ruthless Viking chieftain.KurzbeschreibungLovely and dauntless, abducted by invaders from across an icy sea, Lady Breena vowed vengeance swearing no Viking brute would be her master no barbarian would enslave her noble Celtic heart, but then came Garrick Haardrad, the proud and powerful son of a ruthless Viking chieftain.Synopsis When she is kidnapped by Vikings, Lady Breena vows she will never be a slave, but is nonetheless attracted to Garrick, the Norseman destined to be her master.
