She has a great way of writing and her storylines are always amazing.She really puts a lot of effort into evolving the characters and has great ways to make a plot seem realistic.So

about this book. Well I don't want to take away too much. But it is about a "couple" that isn't even a couple. Basically it is little sister has a One-night-stand with her brother's best friend and - yes - she gets pregnant. Obviously she kinda likes the guy - regardless of his bad-boy image - and so the story goes. I think everybody who likes a little bit of romance will love this book!0 von 1 Kunden fanden die folgende Rezension hilfreich. 4 emotionaly starVon EviI love best friend sister kinde of love story. I loved Lauren and Noah . I do miss the highscool years,what happend with theme,why they love didn't blossom then? But it was a sweet, amazing love story.

KurzbeschreibungFIRST COMES LOVE-an Top 20 Bestseller!First comes love. Then comes marriage. Then comes aHold up. Youre joking right? As if life works off a neat little list like that, moving down, checking things off before jumping to the next task. Were not married. Were not lovers. Hell, were hardly even friends. Noah Wilson isnt exactly life partner material, and he sure as hell isnt father material. Hes my older brothers best friend, and has been off limits, sworn off, locked in the highest tower and out of reach since we met over ten years ago. With his devilish good looks, tattoos, motorcycle, and trail of broken hearts and tears, Ive had good reason to stay away from the bad boy my mother warned me about.Until one night. One stupid, regrettable night that changed both of our lives forever. And now I only have nine months to decide our fate, to see if Noahs rebel heart is capable of anything more than a one night stand.This isnt a love story. This is a life story. And life doesnt go according to plan.KurzbeschreibungFIRST COMES LOVE-an Top 20 Bestseller!First comes love. Then comes marriage. Then comes aHold up. Youre joking right?
