**Von K.C. Wells : First (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised First (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 2 Kunden fanden die folgende Rezension hilfreich.  
appealing plot, but not enough angstVon Cole3.5There are many aspects of this book I really enjoyed: The whole set up is intriguing and the two MCs couldn't be more different. This is definitely part of the appeal of First. 'Coming out' and 'first times' are always popular themes, and I particularly liked the way the author dealt with them. Mike is just so careful and tender with Tommy, and he takes the business of being the first very seriously. (And btw I love the book

cover)But Tommy... I must admit his innocence was almost too much for me. I'm sure there are people like him out there, but surely after a year at university he should have become slightly more acquainted with the 'ways of the world'? I do get that his innocence is meant to stand in stark contrast to Mike's experience, but at times I was crunching my teeth in frustration at his behaviour. I had hoped for a lot more angst after Tommy finds out about Mike. But they seemed to get past the problem pretty swiftly. Considering Tommy's severe upbringing, I would have thought it would take him longer to come round. It also seemed strange that he watched some of Mike's videos not long after his intense first reaction to them. All in all this is a cute love story, with lovely detail given to Tommy's first time. But there were times (like Tommy's shopping trip) that could have been cut down to half their length.

KurzbeschreibungIts taken Tommy Newsome a while to get his head around being gay. Growing up in a small town in Georgia hasnt prepared him for the more liberal life of a student at the university in Athens. Add to that the teachings of his parents and his church, and you have one shy young man who feels out of his depth. Working on his daddys farm hasnt given him any chance of a social life, certainly not one like the clubs of Atlanta have on offer. Not that Tommy feels comfortable when he gets to sample itMommass lectures still ring loudly inside his head. All that changes when he goes to his first gay bar and sets eyes on Mike Scott. When Mikes not behind the bar at Woofs, hes busy with his life as adult entertainer Scott Masters. Twenty years in the industry and the times, they are a-changing. Mikes not had much luck in the relationship department, but as his mom is fond of telling him, you keep fishing in the same pond, youre gonna reel in the same kind of fish. Maybe its time for a change. And then a beautiful young man asks Mike to be his first.
