**Von Susan Elizabeth Phillips : First Lady (Wynette, Texas Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised First Lady (Wynette, Texas Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen8 von 8 Kunden fanden die folgende Rezension hilfreich. Not thrilling AT ALL!Von CustomerOK, review no 83, nobody's gonna read this, but I just had to, if only to express my profound disappointment that one of the greatest authors in romance is losing her touch. Really, the storyline was borderline believable and the end was ridiculous, sorry. Also, the characters were lacking the warmth of earlier characters. Nealy's just so indecisive, does she want to be free or trapped, picky or loosened up. And honestly, for a woman who wants a normal life, she certainly is right up the wrong path of life... Sadly, I hated this book, it didn't give me goose bumps (except for the kid episodes, which were great. The kids are really the book's stars) and that is so

unusual for an SEP book. Thank God the book she is promising for next year sounds like a pure winner! Two very much loved characters hitting it off sounds like a lot of fun, sort of "Heaven Texas" meets "Lady be Good" although hopefully at last with an original storyline. AND PLEASE: WOULD ALL THE OTHER AVON AUTHORS PLEASE STOP WRITING RAVE REVIEWS WITH 5 STARS ABOUT EACH OTHER? IT'S REALLY ANNOYING AND VERY OBVIOUS!

Von Ein Kunde  
Cornelia Lichtfied Case hat jahrelang ihre Pflicht getan. Schon von klein auf stand sie im Scheinwerferlicht der Öffentlichkeit. Zuerst als einzige Tochter des Vizepräsidenten und dann als Ehefrau des nunmehr verstorbenen Präsidenten der Vereinigten Staaten. Und als wre das nicht schlimm genug, verlangt ihr Vater jetzt auch noch von ihr, dass sie weiterhin die Funktion der First Lady ausfüllt, da der neue Präsident niemanden hat, der diese Aufgabe erledigen könnte.

Nealy, wie Cornelia von ihren Freunden genannt wird, steht kurz vor einem Zusammenbruch. Sie hlt dieses Leben nicht mehr aus und plant daher ihre Flucht aus dem Weißen Haus. Eines Tages ist es dann so weit und tatsächlich gelingt es ihr, den wachsamen Augen des Geheimdienstes zu entschlüpfen. Endlich frei! Damit man sie auch nicht so schnell wieder findet, verkleidet sie sich als Schwangere. So trifft sie auf Mat Jorik. Dessen Ex-Frau ist gestorben und hat ihn zum Vormund ihrer beiden Töchter Lucy und Button gemacht, die er beide nicht gezeugt hat. Mat hat nicht vor, plötzlich den Familienvater zu spielen und versucht, die beiden Kinder bei der Gromutter loszuwerden. So trifft er bei einem Stopp, auf der Reise an die Ostküste, auf eine junge schwangere Frau, der gerade das Auto gestohlen wurde. Wenn sie sich bereit erklärt auf die Kinder aufzupassen, ist er durchaus bereit, sie ein Stück mitzunehmen. Nealy genießt das Abenteuer, aber wie lange kann sie ihren Pflichten davonlaufen? Ein wirklich beeindruckender Roman. Susan Elizabeth Phillips schafft es mal wieder den Leser zu fesseln und mit einer ungewöhnlichen Story gut zu unterhalten. Einiger Minuspunkt, ich würde mir wünschen, dass sie endlich nicht mehr dreißigjährige Jungfrauen als Heldinnen verwendet.

Von Katrinna L Pint  
The first book I ever read of SEP's was Nobody's Baby But Mine, and I've been hooked ever since. But this novel, a wonderful story of how confining the pressure of the public spotlight can be, was more than just great. It is romantic storywriting at it's finest. Nealy is a character you can relate to, and Mat has just enough flaws to make him memorable. But it was the addition of the children to the melting pot that gave the story it's heart. You can begin to feel the desperation and drama, and yet to say that SEP didn't have as much humor in this book is a serious miscalculation. There are just too many scenes where these characters find themselves in situations so hilarious, I had a hard time stifling my giggles. First Lady keeps you guessing, and is not in the least predictable. This story was like chocolate. I couldn't get enough. And neither will you. My only regret is waiting a WHOLE YEAR for the next one!

**Kurzbeschreibung** How does the most famous woman in the world hide in plain sight? The beautiful young widow of the President of the United States thought she was free of the White House, but circumstances have forced her back into the role of First Lady. Not for long, however, because she's made up her mind to escape -- if only for a few days -- so she can live the life of an ordinary person. All she needs is the perfect disguise . . . and she's just found it. An entire nation is searching for her, but the First Lady is in the last place anybody would think to look: in the company of a man, an infuriatingly secretive and quietly seductive stranger whose charm, good looks, and sensuous appeal are awakening the forgotten woman within the dignitary. And with two adorable little orphaned girls in need of a family along for the ride, they're heading out across the heartland chasing their own American Dream -- on a wild journey of love, adventure, and glorious rebirth.

**First Lady:** A star-spangled, richly emotional story of self-discovery, celebrity, love, and family.

**deSetting:** Contemporary eastern and midwestern America

**Sensuality:** 7

Daughter of a powerful politician and widow of an assassinated president, Cornelia (Nealy) Litchfield Case has spent her entire life under Secret Service and media scrutiny. When her father insists that she continue the first lady's social duties for the new bachelor president, she instead resolves to break out of her glamorous prison and live life as a normal American. She knows that she can't elude the Secret Service forever, but every moment of anonymity is priceless. Mat Jorik is a pushover for a female in trouble. When his ex-wife dies and leaves him her two daughters, he agrees to drive them from the East Coast to their grandmother's Iowa home. They haven't gone far when he takes pity on another female and offers her a ride in return for her care of the baby and teenager. Nealy accepts his offer. Little does she know when she climbs into the Winnebago that she's about to lose her heart to two kids and a handsome man who she thinks is a steelworker. When Nealy discovers his real job, Mat may wish he'd confessed earlier. In the meantime, they're off on an adventure, the likes of which Nealy's never had before. But the Secret Service is hot on Nealy's trail and despite her best efforts, she's bound to be caught. The question is, what will happen to this slapdash family when they're found? Wonderful characters are what you expect from Phillips, and that's exactly what you get here: a heroine with strong convictions about everything from letting a baby eat cheese curls off the floor to morals in politics; a hero who adamantly denies that he likes females even as he's saving and taking care of them; and two children that will pluck your heartstrings like they've never been plucked before. They spar their way through a wild trip on the road to happiness, making for a book that's funny, romantic, and just plain fun to read. --Lois Faye Dyer.com
