Kurzbeschreibung Marshals: Book Two Deputy US Marshals Miro Jones and Ian Doyle are now partners on and off the job: Miro's calm professionalism provides an ideal balance to Ian's passion and quick temper. In a job where one misstep can be the difference between life and death, trust means everything. But every relationship has growing pains, and sometimes Miro stewes about where he stands with his fiery lover. Could the heartstrings that so recently tied them together be in danger of unraveling? Those new bonds are constantly challenged by family intrusions, well-intentioned friends, their personal insecurities, and their dangerous careers including a trial by fire when an old case of Miro's comes back to haunt them. It might just be enough to make Ian rethink his decision to let himself be tied down, and Miro can only hope the links they've forged will be strong enough to hold.
