**Von Amy Jo Cousins : Five Dates (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Five Dates (English Edition):

KurzbeschreibungHelping his sister Lucy raise her kid has put Devins love life on hold. When he loses a bet to her and

the penalty is to go out on five dates with men shes chosen from Guys4Guys.com, he thinks thats bad enough. Finding out she used a thirteen-year-old picture of him to score a date with a young guy who looks like a rock star? Epically bad. Jay thought he wanted to fall for an older man. But his last boyfriend left him feeling humiliated and determined to stick to guys his own age. When he realizes hes been conned into a date with exactly the kind of man hes sworn to avoid, hes ready to walk away on the spot. Only Devins swift apologies convince Jay to accept dinner to make up for the deception. The date doesnt count for the bet unless you get a goodnight kiss. After one not-a-date dinner with Jay, Devin isnt worried about his sisters rules. He just wishes he could convince Jay to go out with him for real. Jay wants no part of Devin, but Devin wants every part of Jay . . . so he asks Jay to help update his look for the rest of his dates. But once Jays made Devin over into the perfect date, will he be able to let him go? Kurzbeschreibung Helping his sister Lucy raise her kid has put Devins love life on hold.
