Von Linda Lael Miller : For All Eternity (Black Rose Chronicles Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised For All Eternity (Black Rose Chronicles Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. I

Cheered For The Vampires Von Angela Hanley An excellent vampire story. Very creative and powerful characters. Linda Lael Miller did such a good job in describing her characters that I felt like I knew them so well. I loved Dathan's character with all his arrogance and sex appeal. Dimity was another character that I fell in love with and would like to get to know better. I would love to see Mrs. Miller come out with a book about that female vampire. Oooo, what a story that could be! My only disappointment with the book was the love story line between Maeve; the main character and a female vampire and Calder; a mortal man. I found Calder's character to be weak and quite boring actually. The love story really got in the way of the exciting vampire story line. I noticed myself skimming quickly over the love story parts involving Calder and Maeve just so that I could get back into the great vampire stuff. I must admit though; I LOVED the vampire sex passages...very erotic! This is a definite must read for all ! vampire fans. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Capturing your heart and soul, you feel one with the story. Von Ein Kunde From the very first page, you are drawn into the story. Ms Miller's writing had me completely connected with the characters, feeling their love, their loss, their pain and their glory. Having a very old print copy of Dracula by Bram Stoker did not make me want to read this, the back cover drew me in and the story held me completely. Devouring it in less than 5 hours, to the blissful discovery for Maeve and Calder left me overjoyed, but is also left a sadness within when I came to the end. I wanted to read on and on. It was nearly a year later that I discovered the first book and the final two. Or is there more to come? Shery Christopher (souldancer@worldnet.att.net 0 von 0 Kunden fanden die folgende Rezension hilfreich. The book was fantastic. Von Ein Kunde The book was moving and powerful from beginning to end . Miller style is unique within all her novels and I have read all of her novels that I can get my hands on. For All Eternity was the one however that got me started in the first place. The portrayal of all the vampires throughout the books makes us step back and review our perceptions of the supposed creatures of the night whom all through history has been portrayed as evil but through Miller's books we see a different side, a romantic, protective and humane side . The book was just beautiful along with the sequel to it

Kurzbeschreibung Maeve Tremayne, beautiful, spirited, and proud twin to reluctant vampire Aidan Tremayne, has always reveled in her powers as a blood-drinker. But she's crushed when Aidan chooses a different life a mortal life. Fleeing the pain of losing her twin to human mortality, Maeve uses her powers to travel to the past, where she wanders the blood-soaked battlefields and hospitals of the American Civil War, relieving dying young men from their pain with the kiss of death. There, she meets a mortal doctor named Calder Holbrook, who immediately falls under her spell and she reluctantly falls under his. Maeve also finds herself facing another battle, though not one of the heartwhether or not to succeed the cold and powerful Lisette as the reigning queen of the vampires. Maeve must navigate brutal wars of both human and immortal making not to mention her own desires as the forces of life and death threaten to destroy everything she has come to cherish. Originally published in 1994, For All Eternity is the second book in Miller's Black Rose Chronicles quartet. de Written more in the vein of Anne Rice's well-known vampire series than the traditional vampire romance (if such a thing exists), this second book in Linda Lael Miller's vampire quartet takes place in a setting inhabited by angels, warlocks, vampires, and mortals, all very literally at each others' throats. Powerful vampire Maeve Tremayne revels in her immortality. Free to travel at will through time and place, she is restricted only by the rising of the sun. Just and honest, she takes nourishment only from the cruelest members of mortal society, those who are "truly evil, not just misguided," except when she eases the journey of the dying by offering them a final moment of ecstasy and release from pain. During one of these missions of mercy to the dying soldiers in a Civil War field hospital, she meets Dr. Calder Holbrook. Calder has heard the tales of a beautiful angel who roams the battlefield and takes the dying to their rest, but he believed she was only a morphine-fueled dream of men in pain until he sees her for himself. Maeve tries to put the mortal doctor out of her mind. Her brother loved a mortal and gave up his immortality for her, condemning himself to an eventual human death; she refuses to follow his example. Her attraction to Calder is too strong, however, and she finds herself drawn back to his time--and eventually into his arms. Unfortunately, complications arise that threaten the growing relationship between Maeve and Calder. Maeve finds herself the reluctant champion of her kind when she is called upon to track down and destroy the mad vampire queen, Lisette, whose depravity threatens to bring down the wrath of the warrior angels on all immortals--vampires and warlocks alike. Maeve must strike an alliance with the enemy warlocks for their mutual protection and garner their help for her battle with Lisette. Her love for Calder makes her vulnerable, however, and in her fear that Lisette might strike at her through him, she makes him a virtual prisoner. Calder, who has demons of his own past to battle, chafes at Maeve's protectiveness, which threatens to drive a wedge between them. Linda Lael Miller's For All Eternity succeeds as an intriguing story on two levels, both as a sensual, otherworldly romance and as an intense and dramatic battle of wits between two powerful and vastly different creatures of the night. Kurzbeschreibung Maeve Tremayne, beautiful, spirited, and proud twin to reluctant vampire Aidan Tremayne, has always reveled in her powers as a blood-drinker.
