Von Anya Merchant : Forbidden Magic: The Gift (Aura Binder Book 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Forbidden Magic: The Gift (Aura Binder Book 1) (English Edition):

Good story Von twohearts Note: when I bought this novel, I was looking for erotic stories with a femdom theme. But even though there are a few strong female lead characters in the novel, this isn't a femdom book. There are a couple of hot erotic scenes, some with aggressively approaching women, but this isn't even an erotic novel per se. It is an Urban

Fantasy/Superhero-Story. And thankfully, Urban Fantasy/Superhero stories push my buttons, too. So if you want to read a good story with a rather nice super hero protagonist, this might be a story for you, too. Spoiler Alert: I only felt deeply sorry for Night Angel.

Kurzbeschreibung A month ago, Victor Anders was a regular teenager with ordinary teenage problems. Now, he's the victim of an experiment gone wrong, struggling with strange new powers and the temptation surrounding them. Conjured flames, magical flight, reading minds and even influencing the emotions of others are all within his grasp, given enough practice and time. Unfortunately, there are others aware of his abilities, each with agendas of their own. Some, like his old mentor, Lucy Wilson, want to help him in well-intentioned, albeit misguided ways. Others, like the mysterious female terrorist known only as the Night Angel, want something else entirely. It's up to Victor to decide for himself whether Undercliff City is to be a playground, or a battleground.
