Von Linda Lael Miller : Forever and the Night (Black Rose Chronicles Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Forever and the Night (Black Rose Chronicles Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Vampire Romance at its BEST! Von Stacey Timmins-Newman Linda Lael Miller has such a diverse collection it is hard to put her into one category. Her vampire series is (in my opinion) one of the best out there! Believe me - I do not like horror books but this story I promise you is all about romance! This story was not your typical vampire romance, nor was it your typical time-travel. One of my favorite parts of this series was how they were able to travel to various different time periods, I found that fascinating. Another thing about this book was that it actually made me feel the Season. It took place in Autumn and I truly felt that the author described the time and weather perfectly - so much so that it has stayed with me for quite some time! Neely Wallace was intelligent, beautiful in more ways than her outer appearance and funny. Very down to earth - not at all what you would expect for the girlfriend of a vampire. She was everything I want all heroines to be and then some! Aidan Tremayne - Ooh la la... he is sexy, he is stunning and he is a vampire. He is the ultimate "tortured" hero and the desperation that he feels is palpable! The connection between the two characters is amazing to read and the sacrifices he makes will bring tears to your eyes. This man is not evil - he is love everlasting! Maeve, Valerian, Dathan and all other creatures of the night bring this series full circle. (I told you I enjoyed series - this is no exception!) This story is so unique I can hardly explain it - it is not a "vampire" story that you would expect - it is a love story in the truest sense of the word! READ IT!

Having experienced Ms. Miller's writing for the first time with the 2nd. book first, I knew the 1st. book would take hold of me with the same desire and joy that 'For All Eternity' had done. The all-consuming lovemaking between Aidan and Neely left you desiring a vampire lover more than the first one had. With the love and tenderness that wove through the deceptions, anger and pain, your heart felt the sorrow Aidan felt and the great desire to have his wish, dream and most difficult request fulfilled. This story also drew me closer to Maeve and Valerian and to an understanding of these beautiful creatures of the night.

SC.SanDieg1 von 1 Kunden fanden die folgende Rezension hilfreich. Not as good as I thought it'd be Von Ein Kunde I heard this was "the book" but I kinda felt let down after reading it. I really didn't care for the "vampire family with little kids" - that part grossed me out a little. There were too many other characters interjected in while I wanted to read more about Aidan and Neely.

Kurzbeschreibung Sometimes you run from your demons and sometimes the demons you run from are within you. Neely Wallace is a wanted woman wanted by those who would do her harm. She's uncovered damning evidence against her boss, a powerful U.S. senator, implicating him in mob and drug activity. To lie low, Neely retreats to family in New England. While out trick-or-treating with her nephew, Neely knocks on the door of a nearby mansion, and fate in the form of charming and reclusive Aidan Tremayne answers the door. Aidan Tremayne has a secret. He's been living with it for centuries, and he's hated every second of it. He yearns for the day when he can walk in light of day and return to the land of the living. When Aidan meets the beautiful, funny, intelligent, human stranger, suddenly his longing has a name: Neely Wallace. Sucked in by blood-pumping romance and bitten with blood-curdling intrigue, the two lovers are faced with challenges and enemies from both sides of the veil between the living and the dead as they navigate the twisting road toward a shared and mortal life. Originally published in 1993, Forever and the Night is the first book in Miller's Black Rose Chronicles quartet.
