Wonderfully moving - sexy New Adult Romance Von Bianca @BJSBB DEANNA ROY - FOREVER INNOCENT*
300 Pages* release date - 01 October - 2013* New Adult - Contemporary Romance 5 Stars My Opinion: I loved the book! But let me tell you a little bit about it first... We start the book with Corabelle arriving late for her first day at the University of San Diego - Astronomy Class. What, or rather who she sees there shocks her completely. It's Gavin. The

Gavin she has known since she was a little girl - the Gavin who was her best friend through all her life. Gavin, who she fell in love with when they were teenagers. The Gavin who was the father of her son Finn. And the same Gavin who left the funeral of their boy without saying anything. He just left - and never came back. She hasn't heard from him in four years. And now he's in her class. Gavin is just as shocked to see Corabelle in his class. They shouldn't have been surprised though. Because when they were little kids they had big dreams of one day leaving their dry New Mexico home town and go to a college near the ocean. "Corabelle, you came to the school by the sea." She did, she came to San Diego about a year ago - after she kind of got kicked out of her old College. We don't yet get to know why she had to leave. Seeing him again brought everything back - not that anything was ever far from her mind - but still. She had to get out of there fast. She has loved Gavin all her life - she probably still loved him - but he left! He left her on the most horrible day of her life and she doesn't know how to deal with that. Of course she missed him and she knows deep down that she wants him back - but she's broken inside. Gavin broke even more when he left. She barely made it through the last four years. She was not directly suicidal - but she has those PTSD-like moments where she just makes herself stop breathing and passes out - her most inner self probably wants to just go to sleep and never wake up again. And now Gavin is back. Can they forget and forgive the last four years and just be together again? "Do you believe in second chances?" "Can they go back to a time when everything was perfect.. I thought we'd be that happy and innocent forever, and that nothing would ever come between us.

Kurzbeschreibung Book 1 of the USA Today bestselling series "Our baby died on prom night, and nothing was ever the same again." Corabelle doesn't feel like any of the other college girls. On what should have been one of the happiest nights of her life, she and her boyfriend Gavin watched a nurse disconnect the ventilator from their seven-day-old baby. During the funeral two days later, Gavin walked out and never returned. Since then, her life has been a spiral of disasters. The only thing that has helped is her ability to black out whenever the pain gets too hard to bear, a habit that has become an addiction. When Gavin shows up in her astronomy class four years later, he is hell-bent on getting her back, insisting she forgive him. Corabelle knows she can't resist the touch that fills the empty ache that has haunted her since he left. But if he learns what she has done, if he follows the trail back through her past, her secrets will destroy their love completely. And once again, she'll lose the only person who always believed she was innocent.
