Enjoyable love story Von Stefanie K.3.5 Although I wasn't a huge fan of the first book in the Eversea series but I was curious enough to find out how the story of Jack and Keri-Ann will continue. A big part of the first half was really annoying, especially Keri-Anns behaviour. I hated her constant questioning and pulling away from Jack, although she was pretty sure of her feelings. She never let him things explain and made up her own story. I really liked Jack though, he is a very sweet guy and one he remained down on earth albeit his Hollywood stardom. Together they had an amazing chemistry. The author really knew how to make the reader's heart beating with the characters. The love scenes were passionate and well-written. I enjoyed reading this book but I really got annoyed with a few things in the first half. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Utterly in Love! Von Tea P The story of Keri Ann Butler and Jack Eversea continues in heartbreak and loss. It was devastating. But Jack faught. Although, I totally understood Keri Ann's hesitation and insecurities, I really wanted to push her into Jack's arms. I was suffering with him. And I fell in love with Jack even more with every word he spoke. After Eversea I thought he couldn't get any hotter, but little did I know. Keri Ann was as adorable as she was in the first book. She really makes a great heroine walking the thin line between being swept away by the love of her life and staying an individual by following her own dreams. Yes, I know, their story is finished, but I would love to read on and on about those two love birds just for the sake of my bleeding heart. 0 von 0 Kunden fanden die folgende Rezension hilfreich. The kind of conclusion I was hoping for Von PerfectlyImperfect As soon as I finished "Eversea" I had to one-click "Forever, Jack" - there was no other choice^^ For me it was the perfect conclusion to a heart-warming story of two people who couldn't be more different (on the outside) but whose love for each other overcomes everything in their way. I just love Natasha Boyds writing style and the way she lets her characters act. It's so honest and human. If you're looking for a beautiful book yet again - stop looking for it cause you found it! Go read the Eversea Duet!
