**Von Sapphire Knight : Friction (Oath Keepers MC Book 5) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Friction (Oath Keepers MC Book 5) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. TwistedVon VidaBThe devastating prologue gripped me and there was no hope of escaping. What Twist endured and tragically tried to hold on to made me realize that there is more story behind every character that Sapphire's writes. Twist story will reel you in and hold you hostage with no hope of escaping and its not like you will want to anyway. Sadie comes looking for her brother and one encounter from Twist, literally TWIST her up. The banter and

conversations between the pair is so raw and relateable that you can't help but wish nothing for the best between them. Through conflict and doubt these two will pull you in and you will want to know all you can. The chemistry was off the charts and they storyline was great, I love the glimpse we got of other characters we met throughout the series and can't wait for the next installment.

KurzbeschreibungTwistGone.I lost my mind that day.I arrived home, to my wifes sweet color, stripped. Her body motionless, slain in a puddle of blood, her delicate skin, riddled with multiple stab wounds. The brutality of the rape was horrendous. My precious little girl lain in the middle of the floor, pillow securely duct taped on her face. Her tiny body, left unmoving. Ive never screamed so savagely, wishing I was dead before in my life.Hope.Ive long given up on any light in my life, jaded. I wasnt expecting to be blinded with friction, by a fucking ray of sunshine.SadieConfusedI had no idea what to do with my life or my babys. I trusted the wrong man, who turned out to be a ghost, disappearing, leaving me scattered. I head to my brothers club, in hopes of leaning on the only shoulder Ive ever known. StrengthWhat I find instead, is a hunter. A fiercely loyal, broken man, just waiting for his next kill.Come fall in love with the next installment of the Oath Keepers MC from Internationally Bestselling Author Sapphire Knight.KurzbeschreibungTwistGone.I lost my mind that day.I arrived home, to my wifes sweet color, stripped.
