Etwas heies in der kalten Winterzeit!!Von LindaMitch und Cody lernen sich durch Zufall in einem Nachtclub kennen und sind sofort Feuer und Flamme fr einander. Was mir besonders gut an der Geschichte gefallen hat war das beide nicht gleich zusammen im Bett landeten, auch wenn sie das gern wrden, sondern sie mssen erst ein paar Hrden berwinden

bevor sie zueinander finden. Bis dahin aber baut sich eine Menge Frust auf und auch die Gefühle für einander geraten in Aufruhe. Es war einfach nur schön anzusehen wie ihr Verlangen für einander sich in mehr verwandelte und keiner so recht den Mut aufbrachte darüber zu reden. Auch fand ich es toll das es außer ihre Beziehung zu einander auch noch einen anderen Handlungsstrang gab. Mitch versucht ja immer noch den Killer aus Band 1 zu finden und als seine Bindung zu Cody immer fester wird gerät dieser plötzlich auch in dessen Visier. Die Nebenfiguren waren auch so toll. Colt und Jace waren auch wieder mit dabei und sind einfach so schön zusammen. Ich freue mich schon auf den nächsten Band und hoffe das es dort um Aaron und Creed gehen wird. Die beiden sind meine Lieblinge und ich finde sie würden sehr gut zusammen passen. Gerade jetzt braucht Creed jemand starkes an seiner Seite und Aaron ist denke ich genau der richtige dafür. Fazit: Das Buch war sehr spannend, voller Emotionen und Leidenschaft. Es gab ein paar richtig gute Liebesszenen zwischen den Hauptfiguren und es war auch so romantisch. Das Buch hat sich super flüssig lesen lassen und war leicht verständlich. Das Cover ist einfach nur hot und zeigt eine der Hauptfiguren, wer es ist müsst ihr selbst heraus finden!!! 1 von 1 Kunden fanden die folgende Rezension hilfreich. 5 million *huge SIGHS* stars!!!! Von Cassandra I'm in love all over again with this series, the writing and the guys in these stories! Full Disclosure keeps on going right where Double Full left us. With Deputy United States Marshal Mitch Knox investigating the Colt/Jace accident, still believing there is more. While staying over night with his friends and going out, he meets hot, shy, holding back Texas State Trooper Cody Turner. And yes - the fireworks are rocking right from the beginning! *PHEW* What's supposed to be a one-night-stand is interrupted with new things happening in the investigation and leaves both men in limbo. But it's not only lust that drew them together, there's more and every more needs to be investigated, right? Especially when your name is Mitch Knox and you don't know what's happening to you. But Cody Turner isn't easy to convince, even when popping some online cherry. (so damn HOT and no one on my contact list to go at this right then) With the case getting nowhere these two tattooed, all muscles, big hotties have to separate over and over again, but they make the most of their time together that's for sure. It's Mitch's partner Creed brother that brings them closer. After a hot rough night things finally get on steady ground - just to be short lived once again. These two hot tattooed unconventional law enforcement guys had me hooked from the beginning. It's a fun, loving, sexy, hot and anxious read. When you aren't squirming, you are on the edge of your seat. And as I was 30% into the book I thought who should get the next book and what can I say - pointing to the epilogue and already looking forward to the next book! We also get to see how Colt and Jace adjust after Colt's retirement - *sighs*. Kindle Alexander, there really wasn't a need to be anxious about release day! LOVED IT! 0 von 0 Kunden fanden die folgende Rezension hilfreich. The Reigning Queen of M/M Romance Von Al-Khemet Book Club This was breathtaking. I lost my breath so many times I am surprised I can still breathe! I just couldn't take anymore and I wanted more. There were moments when I could literally feel myself in the story, first hand, and it was mind-blowing. How can an indie author accomplish this feat? This device is ancient and it's called "sorcery", "literary sorcery", it has to be, it has to be some form of magic too complex for ordinary minds to comprehend! Kindle Alexander penned "Full Disclosure" as Book 2 in "A Nice Guys Novel Series" but it can be read as a stand alone, be warned, this is no ordinary book, there are invisible forces at work in this novel, for the way the author takes over your imagination and literally takes your breath away is nothing that is ordinary. Kindle has brought to us an impressive M/M Romance Novel (Gay Romance), she creates this somewhat safe haven for guys, though they do have ups and downs, she always leaves you satisfied and there is never a dull moment, and this world she creates continues to improve and one cannot help but marvel. Mitch and Cody are two very, very real characters from Kindle Alexander's imagination that will stay with you for a very, very long time to come. Deputy United States Marshal Mitch Knox's character is simply seduction on pages, an angel cast down from heaven sent to tempt humanity for that is exactly how I felt- tempted. Cody warms your heart, this other drop-dead gorgeous character "in uniform" that's perfect for Mitch and together they create a seductive story that is now a phenomenon online. Action, romance, passion, smart characters, chills and thrills, great dialogue and a seductive play on words and use of literary devices makes this read one of the most memorable of the last decade. The book is never boring, it's rather somewhat swift-moving and electrifying. This is perfect, icing on cake perfect and it's the kind of sultry, spine-tingling kind of read that Kindle's fans adore. Kindle Alexander is no ordinary writer, she is a woman with a mission and that goal is to cement her reputation among the greats- which she is already doing so indelibly- and to make Gay Romance an acceptable genre as any other. Her work is hugely admired and her writing style is real, raw and unrestrained which she mixes with that soft, passionate, intriguing touch. She continues to build a complex, yet acceptable social society that makes for a mesmerizing read and has certainly set the stage for more exhilarating adventures to come. Kindle Alexander is by far the reigning Queen of M/M Romance.
