Lace at its best  
Von Ein Kunde  
This is one of the best Black Lace books I've ever read. I can highly recommend it to anyone who enjoys reading erotic novels which are not too far away from reality. The characters are smart, witty and passionate. I enjoyed every single page of the book...

Kurzbeschreibung  
Fiona finds herself on a word-games holiday with her best pal. At first it seem like a boring way to spend the week away. Then she realises she's on a treasure hunt with a difference. Solving the riddle embroils her in a series of sexy situations as the clues get ever more outrageous. It's a race to the finish with people cheating, partnerships changing and lots of the competitors getting off with each other. Fiona needs an analytical mind and an encyclopaedic knowledge of sex to be in with a chance of winning. And she can't do it all on her own.
