Von A.M. Arthur : Getting It Right: A friends-to-lovers romance (The Restoration Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Getting It Right: A friends-to-lovers romance (The Restoration Series):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. So much drama, so much heartache! Von StrawberrygeekI received this as a freebie in exchange for an honest review. The story is about Nate and Jamie, two best friends. Nathan is a cop and straight as they come - or so they all think. Jay is gay and nurses his unrequited love for Nate by sleeping with as many guys as possible. One night Jay tries to drown his problems in alcohol, because the man who abused his sister got out of jail. He calls Nate after almost doing something extremely stupid because of the alcohol and they end up at Nate's place. As you probably all guessed correctly this is a gay for you, best friends turned lovers story (although at the same time it really is nit, but I'll come to that later). So - how else could it be? - they end up kissing and Nate comes to the conclusion that he might not be as straight as he claims to be and feelings resurface which he long thought dealt with. But, of course they can't be happily together that easy. The next morning, Jay doesn't remember a thing about the kiss and when Nate confesses his long and well buried feelings for Jay, his best friend claims in a moment of panic that he doesn't share that attraction, afraid of losing their precious friendship. The reconciliation has to wait quite a while because Nate gets attacked by some psycho while investigating a serial murder case. The wounds, the physical and psychological ones are severe. As soon as Jay hears what happened he hurries to the hospital, but Nate refuses to see him. Shell shocked, Jay has to wait months before Nate suddenly shows up at his doorstep. My feelings about this book are mixed. It is not your typical gay for you story. There's a good dash of psychological problems and addiction as well as some crime thrown in for good measure. I liked the deep understanding the two had for each other and the smexy times were really sexy. The change of POV was sometimes kind of irritating, without a bigger paragraph to warn me, leaving me confused until I realised that I saw the story from a different POV. But maybe that was just my kindle app being a pain in the ass again because the page numeration was all over the place as well which made it kind of unpleasant to read at times. The crime part kind of dissatisfied me. The end seemed a bit rushed and not entirely comprehensible. Besides that I thought that it was a bit too dramatic at times. Or should I rather say too many dramatic things going on at the same time? At the beginning I thought the sorry would be too sweet and sappy for me, but I soon realised that sweetness was more of an underlying thing in the book when the author gave you a break from the misery of Jay's patients and all their other problems (I don't want to say too much because that would take the surprise effect of the book away). It was a nice read and I can especially recommend it if you're interested in psychological stuff. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Friends-to-lovers... Von Felizis was happens in here, between two damaged heroes who have to deal with lots of other problems aside from their newfound feelings for each other. Newfound for Nathan, that is, since James has always had feelings for his straight best friend but hid them from fear of damaging their friendship. Which happens once the cat is out of the bag. But this wouldn't be an A.M. Arthur book if the MC's didn't work through their problems and find a solution - and one I found fully satisfactory. Loved the writing. Could've done with a bit less angst, though ;-)

KurzbeschreibungDetective Nathan Wolf might just be a junior detective, but he tackles every case with the passion that he lacks in his personal life. A series of failed relationships with women has left him still single at thirty-four because he's too scared to admit to his longtime crush on his best friend James. Dr. James Taggart likes to keep his profession as a psychiatrist separate from his party-animal persona. Known around the gay clubs as "Tag", he's the guy who screws them, leaves them, and never looks back. But James's drinking is getting heavier, and when bad memories from the past resurface, he's close to becoming the worst version of himself. After a drunken blackout ends in a hot and heavy make-out session with his very straight best friend, James has no memory of the steamy affair. But Nathan isn't sorry for the kisses that James can't remember. Nathan finally musters the courage to tell James how he really feels, but a life-altering event might force them apart before they can ever be together.
