Von Jayne Ann Krentz : Gift of Fire (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gift of Fire (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen5 von 5 Kunden fanden die folgende Rezension hilfreich. Doesn't stand on its ownVon Ein KundeUntil I searched for Gift of Fire in order to review it, I only suspected that it had been

a sequel. I figured that Jonas and Verity had been secondary characters in Gift of Gold that Ms. Krentz made the protagonists of Gift of Fire. Only now do I know that they were the hero and heroine of Gift of Gold as well. Gift of Fire was exciting and intriguing, and I really enjoyed Jonas and Verity. However, since I didn't know for sure if the book was a sequel, I was annoyed by not fully understanding Jonas' and Verity's past history. I continually felt like I was missing something from their past that might have bearing on the present mystery. I kept waiting for an explanation of what had happened between Jonas and Verity before the book opened. A cardinal rule of sequels is that they must be able to stand on their own as novels should the reader not have read the first book. Nora Roberts is a master of this. Her trilogies and Sacred Sins and Brazen Virtue all are capable of standing on their own. Especially pertinent to Gift of Fire's failure to stand by itself as the continuing story of Jonas and Verity, Nora Roberts' In Death books as J. D. Robb are the continuing story of Roarke and Eve Dallas, and all stand on their own without leaving the reader needing to have read the previous books in order to understand the one she's currently reading. Previous books' plot surprises are not spoiled, but neither does the reader feel she's lost the thread of the storyline. Gift of Fire does not stand on its own, and while it was a very entertaining novel, it also left me frustrated. 1 von 1 Kunden fanden die folgende Rezension hilfreich. only jayne could make a sequel worth reading! :) Von Ein Kunde if you are reading this review, then you have either read "gift of gold", or you are going to read them in the wrong order (like i did)!! if you've already read this book already, then you must know that the cross between jonas and verity just continues to entertain you throughout the whole novel, and this makes you want to read memorable scenes over and over again. i highly recommend reading both this novel and "gold" ("gold" first, naturally) so that you get the full effect of both stories. it kinda makes you wait in anticipation for a third in the series...whaddya think jayne? :) 1 von 1 Kunden fanden die folgende Rezension hilfreich. Great book! Von Ein Kunde I read the two books (Gift of Gold and Gift of Fire) in the wrong order. I loved Gift of Fire so much, I had to go back and purchase Gift of Gold. Both are excellent!

Kurzbeschreibung A romance classic. First time in eBook. Verity Ames, small town restaurateur, is involved in a passionate affair with Jonas Quarrel, Renaissance scholar turned dishwasher. Feeling that Jonas is underutilized, Verity signs him up to authenticate a sixteenth-century Italian villa on a remote island in the Pacific Northwest. Why pass on the opportunity to investigate the past and include a romantic getaway. On the island, passions flare and events turn deadly. Someone does not want Verity and Jonas to discover the truth. **Kurzbeschreibung** A romance classic. First time in eBook. Verity Ames, small town restaurateur, is involved in a passionate affair with Jonas Quarrel, Renaissance scholar turned dishwasher. Feeling that Jonas is underutilized, Verity signs him up to authenticate a sixteenth-century Italian villa on a remote island in the Pacific Northwest. Why pass on the opportunity to investigate the past and include a romantic getaway. On the island, passions flare and events turn deadly. Someone does not want Verity and Jonas to discover the truth. **Synopsis** Troubled thoughts haunted Verity Ames when she considered the uncontrollable passion that bonded her to Jonas Quarrel. Searching for lost treasure in a villa, together they discover a terrible truth which could turn their love to ashes, or stoke its flames into an even hotter fire.
