**Von Jayne Ann Krentz : Gift of Gold (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gift of Gold (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Meant to be together . . .Von MandyJonas Quarrel was a man with a gift -- a psychic gift that threatened to overtake him if he

didn't discover how to leash the power within. Verity Ames was a small-time restaurateur, innocent to a fault and holding in a burning desire. When these two meet, a white-hot passion explodes from the pages in *\_Gift of Gold\_* by Jayne Ann Krentz. Though maybe a bit more farfetched than most of her other books, Ms. Krentz takes the supernatural and makes it believable even for the most skeptical reader. Having Verity be the anchor to Jonas's psychometric powers was touching and gave the book a feeling of destiny. It was as if these two characters were soul mates who could only live up to their potential with each other. Both Jonas and Verity were believable and well drawn -- they reacted to the very odd circumstances in much the way you'd expect normal people to respond. As always, the environment and plot were plausible and exciting. With each page I turned I was left with a sense of anticipation that compounded until the climax of the story. Whether you believe in the paranormal or not, *\_Gift of Gold\_* is an exciting and charming book peopled with dynamic characters that draw you in and make you care. Ms. Krentz's humor and inherent ability to develop a story are clearly evident in every page. The dialogue is witty and the banter between the characters is entertaining. I'm thoroughly looking forward to the sequel, *\_Gift of Fire\_*. Once again, I was well pleased with my selection of a book by Jayne Ann Krentz. In any of her many incarnations she never fails to deliver a solid story, great characters and a legendary love that will leave you sighing.

1 von 1 Kunden fanden die folgende Rezension hilfreich. Definitely a "gift" for the reader

Von Ein Kunde

Verity and Jonas are very memorable characters, which is why the sequel to this book "Gift of Fire" was written, if it had not been, we would have demanded it! Jayne Krentz writes well researched books with humor, passion, and believable plots even when the 'paranormal' elements can make for a wild ride. The best part of the book is the relationship between Jonas and Verity, full of passion, doubt, trust, exasperation, and full of life. I like that Krentz uses other characters' foibles and machinations as 'tests' for the two characters, which make for an exciting read. Do not pass up this book or the sequel. You will be missing some great reads.

0 von 0 Kunden fanden die folgende Rezension hilfreich. Fascinating blend of romance and the "supernatural."

Von Ein Kunde

Gift of Gold blends your independent female heroine and tough male hero with a dash of the supernatural in the form of hero Jonas Quarrel's trips into a type of time tunnel. He has the ability to actually experience the history of objects of violence, but can then become overcome by the emotions connected to them. Verity Ames becomes his perfect match, able to control the powers in the psychic time tunnel and match Jonas passionately on the physical plane. The perfect matchup on more than one level makes their romance a binding one that is able to overcome outside threats. This novel should be read in conjunction with its sequel, Gift of Fire. Fans of Krentz will note that her later books, such as *Deep Waters* and *Absolutely, Positively* have strayed away from the psychic format of the two Gift novels and *Midnight Jewels* and into the realm of the business world. If they miss that added twist, take a look at her new series under the name Jayne Castle -- *Amaryllis* and *Zinnia*. Jayne has taken the concept started in the Gift novels of a woman being the controlling force for a man's psychic power making her the perfect mate into a new realm. She moved them to another planet where psychic ability is the norm and runs from there. If you liked Gift of Gold/Fire, take a look at the new novels written as Jayne Castle

**Kurzbeschreibung** A romance classic. First time in eBook. Jonas Quarrel has tracked Verity from Mexico to Northern California. Just what is he after? Verity Ames finds herself fighting an attraction to Jonas from the moment he knocks on the door of the No Bull Caf. He seems far too good to be true. Together they will discover a shared passion and a shared danger.

**Kurzbeschreibung** A romance classic. First time in eBook. Jonas Quarrel has tracked Verity from Mexico to Northern California. Just what is he after? Verity Ames finds herself fighting an attraction to Jonas from the moment he knocks on the door of the No Bull Caf. He seems far too good to be true. Together they will discover a shared passion and a shared danger.

**Synopsis** When Verity Ames hires Jonas Quarrel to work at the No Bull Cafe, she is unaware that the mysterious stranger has been following her for two months and two thousand miles.
