Von Kris Ripper : Going Home (The Home Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Going Home (The Home Series Book 1) (English Edition):

Kurzbeschreibung When sexual slavery is outlawed, most of the rational world rejoices. Another shameful chapter of

history, tucked neatly away. Rory doesn't want to rain on anyone's parade, but the thing he wants most in the world is impossible: to go home, to his master, where he was safe. Life without slavery isn't worth living. He dodges out of the Freedom Project with his new friend Demon, and vows to find his master, whatever it takes. He only hopes that once he does, life will go back to normal. Geo Fairbanks doesn't even tell people he used to own a slave. And the people who know? Think he's deluded. The kid was a slave, Geo. He wasn't your boyfriend. He switched careers, moved to a new town, and cut ties with everyone, but none of it helps. He needs Rory. When it looks like there might be a way to find him, Geo does whatever it takes. Once they're reunited, everything should be perfect. Shouldn't it? Then why does Rory have more questions than answers? His friends are done with slavery, over it, moving on, but part of him? Part of him misses kneeling at Masters feet. A very specific part of him misses being tied to Masters bed. It would be one thing if Geo would just take over, like he did in the old days, but Geo's just as clueless as Rory about how to live with each other as equal men. Then the unthinkable happens and Geo finds himself searching for Rory all over again. Can he find Rory before he disappears into the new black market for slaves? And if he does, will they ever figure out how to be in a relationship not dictated by legal contracts dictating exactly what they mean to each other?

Kris Ripper lives in the great state of California and hails from the San Francisco Bay Area. Kris shares a converted garage with a toddler, can do two pull-ups in a row, and can write backwards. (No, really.) Kris is genderqueer and has no pronoun preference, but the z-based pronouns are freaking sweet. Ze has been writing fiction since ze learned how to write and boring zir stuffed animals with stories long before that.
