Von Julie Garwood : Guardian Angel (Crown's Spies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guardian Angel (Crown's Spies):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Loved it! Enjoyed it!Von PamelaMs. Garwood surely knows how to write, and it's cleary proven in her novel, Guardian Angel. Jade, our fabulous heroine, is on a mission to protect Caine, our gorgeous hero. But in order for Jade to keep Caine safe, she generates lies in order to cover up her true identity. what her true identity is, I cannot say, for that would ruin the story. However, the romance between Jade and Caine I can write about. The love between Jade and

Caine is extremely emotional. Love for Caine comes pretty easily to him, but for Jade it was a lot more difficult for her to express her emotions. Jade grew up with an extremely harsh childhood, only with her brother and her uncle taking care of her. But her brother and uncle would always abandon her, or more like leave her at home so she could be kept safe, while they were off on important sea business. Jade learns quickly about keeping up appearances, in other words, masking her true feelings. But as soon as she meets Caine, she realizes that Caine is able to make her be her real self, and feel love and feel cherished. The book is filled with cute and funny scenes. Little endearments that Caine uses on Jade, and especially the ending, is wonderful! Read the book, you'll love it. P.S. This is the second novel part of a 4-part series. The Lion's Lady, GUARDIAN ANGEL, the Gift, and Castles. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Exciting, Fun, and Entertaining! Von Ein Kunde I love all of Ms. Garwood's books. Although they are predictable in general, they are great fun to read. They are some surprising twists in this book that I specially enjoyed. Jade is unusually exciting and her protectiveness and honor is very touching. The supporting characters are all very interesting. It was great to see a little bit of Lyon and Christine from 'The Lion's Lady' in this book. The identity of Pagen is a great setup for the novel. I won't tell you who it is... you will have to ready it yourself. However, my favorite Garwood so far is still 'Ransom' but you might want to read 'the secret' before reading 'Ransom'. 1 von 1 Kunden fanden die folgende Rezension hilfreich. "Garwood knows just how to tell a story....." Von Ein Kunde Garwood knows just how to tell a story that maintains our interest and keep us guessing. The mysterious Jade stumbles upon the Marquess of Cainewood and seeks his protection...but not before asking him to kill her...hilariously funny and full of romance that will make your heart ache for some in your own life...And yet danger loomes with the cunning mind of the pirate, "Pagan", yet who indeed is this dangerous enemy whom our Hero despises? An exceptional novel that I wish everyone would take a chance and read...you wouldn't regret it!!!!"

Kurzbeschreibung#1 New York Times bestselling author Julie Garwood takes breathless sensuality to thrilling heights in this unforgettable adventure of passion and intrigue. The Emerald flew across the seas, carrying the pirate Pagan despised by the ton whose riches he plundered, and beloved by the poor whose plight was eased by his gifts. The Marquess of Cainewood vows to hunt down the pirate wretch in revenge for his brother's death. But when Jade, an enchanting vision of rippling red hair and eyes of jewel-green, appears at his door to beg desperately for his protection, the Marquess agrees to keep her safe from the villains who want her dead. Jade is infuriating, exasperating, and gorgeous. No woman has ever befuddled him so, nor so deeply aroused his desire. But as Jade answers Caine's knowing caresses with an innocent, wild abandon, they are drawn into a web of treachery that will test the very heart of their love... From Publishers Weekly Garwood fails here to integrate romance and mystery elements as effectively as she did in The Bride. There's too much heavy breathing in the book's first half, too many convoluted political intrigues in the second. The year is 1815. The Marquess of Cainewood, hunting London's slums for the pirate Pagan whom he assumes killed his brother, traps instead a seemingly despairing young woman named Jade, who seeks to hire Caine to commit a murder--her own. Caine offers her protection instead, little suspecting that she is Pagan and her real object is to stay close so that she and her followers can defend him: traitors in the War Office, who tried to slay her brother as well as his, may now be after Caine too. The couple's stormy romance gets off to an instant if ludicrously implausible start that very first night, when Caine wanders into Jade's bedroom and finds her uncovered and completely naked. By the time their respective brothers reappear and the pursuit begins for the renegades, it's much too late for the reader to take any serious interest in the villains or their tiresome schemes.
