An amazing MC readVon Penny LThis book is the first book I have read by Lydia Pax, but it will not be the last! I just want to say that I honestly love this story about the Sheriff's daughter and the outlaw biker. Reid "Ram" Maddox is a member of the Wrecking Crew MC. June is returning home from college and her car breaks down. Luckily, she meets Ram and he offers to save the day if she will pretend like they're engaged for his father, the President, Howitzer. We

find out that the Crew's biggest enemy is the Black Flags, of which Beretta is now a member. The author even gives us background information as to why Ram and Beretta are now enemies, when they used to be like brothers. I don't want to give any spoilers, but I recommend this book to anyone that loves MC books. One-click and find out what happens and what Sheriff Colt thinks of Ram and June being together. I love Wild Girl and Trouble Man!

KurzbeschreibungSHE WAS BORN OFF-LIMITS. BUT HE WAS BORN TO BREAK THE RULES.Ram:Nobody screws me. I take who I want, when I want, and I always leave them wanting more.I want more too. Hurt this deep doesn't heal.After meeting June, I know shes the fix I need for the pain. Her familys full of cops? So what?All I want is her. Those luscious curves, the lips that won't quit, hips that make my heart pound like a drum.My outlaw brothers say me and her together will tear this whole town apart. I dont give a damn.June:I never wanted to come home. Theres nothing here but old wounds too bitter to heal.The day I returned, I met Ram. Hes an outlaw biker built like a god, but theres nothing divine about his desires.When he tells me he needs an old lady to stay in his club, we start a dangerous charade. He gets a woman and time. I get my sheriff dad off my back. Breathing room.But every breath around Ram is lightning hot and undeniable.I cant be with him for real. Hes every kind of wrong theres ever been. Unless were careful, well rip our lives apart.But whats happening between us feels too right to ignore, no matter the cost...KurzbeschreibungSHE WAS BORN OFF-LIMITS. Life is strange, beautiful, and wonderful, but sometimes it can be a little too boring. Her stories spice the day up with enough heat to need a cold drink nearby as you read and always close with a Happily-Ever-After.
