Von Danielle Steel : Heartbeat before purchasing it in order to gage whether or not it would be worth my time, and all praised Heartbeat:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Not My

Favorite Von Ein Kunde Overall I guess this was a good book, but compared to the other Danielle Steel books I have read, *Lightning and Mixed Blessings*, it doesn't measure up. I liked those far more. For the first 200 pages I didn't think anything really happened and I had to fight to keep reading. I also kept expecting Adrian to get back together with Steven since the character in *Lightning* reunited as did Diana in *Mixed Blessings*. I would have liked to hear more about Bill and Adrian's life after the birth of the baby as opposed to all of the tedious events that led to them meeting. As mentioned before, I did like it and 2 stars is deceiving. It was a great book, but not near as great as what Steel is capable of. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not impressed... Von Michelle Ewing This was the first book by Steele I have read, and, well, reading this one didn't make me want to jump up and buy any more of her works. Don't get me wrong-- the book isn't bad by any means. I just found it rather sappy. I couldn't make myself like the main character too much, either; she seemed like one of those whiny, moronic women who call Dr. Laura for advice. Bill Thigpen, however, was a nice character, and the jerk Steven made a nice "villain." A fast, easy read-- you don't need to pay much attention to detail. I would recommend this to someone who likes romance, but otherwise I would avoid this title. 0 von 0 Kunden fanden die folgende Rezension hilfreich. I'm 12 as well! Von Ein Kunde I loved this novel. Characters were richly portrayed and the plot was awesome. It's the type of book that tempts you to join The Danielle Steel Book Club. Oprah, eat your heart out! Though I don't read Steel anymore (I felt like a woman reading her books, besides, the kids in my class were making fun of me) I firmly suggest you read this book. Stephen King is great as well. I suggest you also read him. I feel more like a man reading King. "Unmask unmask!"

Kurzbeschreibung Bill Thigpen had his finger on the heartbeat of America as writer and producer of a popular TV drama. He was so busy watching his career soar that he never noticed his marriage collapse - until it was too late. Now, nine years later, he believed his life to be in perfect balance. Adrian Townsend thought she had everything: a job she liked as production assistant for a TV network show... a handsome husband she loved. It was an enviable life - the American Dream. Until she got pregnant, and Steven gave his ultimatum. Him or the baby. Bill and Adrian meet by chance, and are irrevocably drawn to each other. And as their friendship deepens into love, as they meet the obstacles that life presents, Danielle Steel touches the heartbeat of two wonderful people in a challenging modern-day relationship. Werbetext The poignant story of a man and a woman meeting the unforeseen challenges of love in our time.
