A wonderful, magical romance...Von Ein Kunde"Heaven and Earth" is the story of Ripley Todd, sheriff's deputy on Three Sisters Island, and MacAllister Booke, researcher of the paranormal who has come to the island to investigate

the rumors of witchcraft in the area. Though Ripley seems to be happy with her peaceful life on the island, she can neither hide nor control her magical abilities. MacAllister is fascinated by her. He decides to help her deal with her powers and makes her confront and accept who she is...Nora Roberts fans won't be disappointed. After "The Donovan Legacy", that dealt with witches and magic in a fascinating way, the author has once more written a beautiful romance with a wonderful touch of magic. I finished "Heaven and Earth" in one reading and am impatiently waiting for the third book in the trilogy.15 von 16 Kunden fanden die folgende Rezension hilfreich. ein Buch, das viel zu schnell wieder zu Ende istVon DanielaHeaven and Earth ist der zweite Teil aus der "Three Sisters Island" Trilogy. Den ersten Teil habe ich nur gekauft, weil er von Nora Roberts ist, da ich die Zusammenfassung nicht so spannend fand, aber ich habe mich geirrt, ich habe das Buch verschlungen und konnte es gar nicht erwarten, bis das zweite Buch erschien. Und es hat mich nicht enttäuscht, die Charaktere sind unheimlich lebendig und "nachvollbar" geschildert und auch wenn die Geschichte natürlich schon sehr "rosarot" ist, gleitet es doch nie in den absoluten Schmarrn ab, wie andere Autoren. Im Gegenteil ich finde einfach, ein Buch, das man prima zum ausschspannen lesen kann, bei Schmuddelwetter mit einer Tasse Tee auf dem Sofa und bei dem man es wieder nicht erwarten kann, bis der nächste Teil der Trilogie erscheint.0 von 0 Kunden fanden die folgende Rezension hilfreich. Love and magicVon AnonymLove and magic. Who can resist? And a story that can be savored a little longer due to the trilogy. You still can feel with Nell from book one while reading Ripley's story and so on.

KurzbeschreibungIn the second book in her Three Sisters Island Trilogy, #1 New York Times bestselling author Nora Roberts returns to the haunting shores of New England and to the lives of three passionate, powerful women Ripley Todd's job as a sheriff's deputy keeps her busy and happy, and she has no trouble finding men when she wants them which, lately, isn't all that often. She's perfectly content, except for one thing: she has special powers that both frighten and confuse her. Distraction soon arrives in the handsome form of MacAllister Booke a researcher who comes to investigate the rumors of witchcraft that haunt Three Sisters Island. Right from the start, he knows there's something extraordinary about Ripley Todd. Fascinated by her struggle with her amazing abilities, he becomes determined to help her accept who she is and find the courage to open her heart. But before Ripley and Mac can dream of what lies in the future, they must confront the pain of the past. For Three Sisters shelters centuries of secrets and a legacy of danger that plagues them still. Don't miss the other books in the Three Sisters Island Trilogy Dance Upon the Air Face the Fire From the Trade Paperback edition. From Publishers Weekly Roberts (Dance Upon the Air) popularized the romance trilogy, and here she offers up the second installment of her newest trilogy, a conventional saga about three witches who must right the wrongs of their ancestors in order to save their homeland, Three Sisters Island. Ceremonial candles, iris petals and a sprig of rosemary set the scene for magic and romance, but it will take more than mood lighting and witchcraft to lend an air of amiability to the novel's heroine. Hard-edged Ripley Todd is one of the island's two police officers the other being her brother as well as a temperamental witch in denial of her powers. When paranormal researcher Dr. Mac Booke visits the island, Ripley greets him with her customary hostility ("I didn't know they gave out degrees for the study of crapola"). Nevertheless, Mac, a self-proclaimed "rich geek" with a Jimmy Stewart-like affability and an athlete's physique, pursues Ripley romantically and professionally. A brief, overly dramatic encounter between Ripley and a possessed, blood-thirsty reporter adds a touch of suspense, but the novel's finale is hardly deserving of all the buildup it receives. Although Roberts is not in top form here, her deft use of metaphor and charismatic hero are sufficient to hold even the most reluctant reader. Copyright 2001 Cahners Business Information, Inc. Pressestimmen America's favorite writer. The New Yorker As mesmerizing as the first, this second installment of the Three Sisters Island trilogy will have readers turning and gripping each and every page.
