**Von Lorelei James : Hillbilly Rockstar (Blacktop Cowboys Book 6) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Hillbilly Rockstar (Blacktop Cowboys Book 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. 5 million stars for this newest Blacktop Cowboys book!Von CassandraEven after a couple hours since I finished, I'm still in a

state...big hangover!Devin and Liberty's story starts in with a bang, a laugh and the thought "Oh yeah, this will be fun and can only end in love". Out of fear Liberty is hired to protect Devin. The high decorated ex-military woman and the country super star...they couldn't be more different.But throughout the book you realise they have more in common and aren't as tough as it seems. Both characters show a very deep soul and it's interesting to see how both open up.This is the first book in this series that had me crying ugly tears as it has a topic that hits close to home for me.We also see glimpses of the other characters from this series and how their lives develop and it's sweet. And there are the Mud Lilies of course.It's funny, it's entertaining, it's captivating, it's HOT and sensual. Lorelei James pulls you right in once again and once again you end the story and wish you would live in Muddy Gap and be a part of this gang.PS: We need Bailey's book badly!
