Cora Brent's series about the Gentry boys has a new part and it is as awesome as the last ones... I just love Cord, Creed, Chase, Declan and their girlfriends. This book introduces two new characters we already heard from but now get their own little introduction. Well done, Cora Brent... :)0 von 0 Kunden fanden die folgende Rezension hilfreich. Now, she lives in the desert with her husband, two kids and a prickly pear cactus she has affectionately named 'Spot'. Cora's closet is filled with boxes of unfinished stories that date back her 1980's childhood and all her life she has dreamed of being an author. Amazingly, she is now a New York Times and USA Today bestselling writer of contemporary romance and begs not to be awakened from this dream.
