...beautiful und very sexy funny suspensy Romance! Great Series!!!Von Bianca @BJsBBWe all remember Denver Cherry from the first books in the series.Denver is one of the fighters in Cannon Colter's gym in Warfield, Ohio.

Denver recently signed with SBC, the big fighting association, but is still living and training in Warfield. Cherry is the roommate of Colton's sister Merissa. Both Denver Cherry have been totally attracted to each other ever since they first met...but Denver never tried anything because he thought Cherry was too much of a partygirl and a flirt... she talked and flirted to all the guys at the gym. But she's not interested in any of the guys - she's totally in love with Denver. And when they both meet at a bar in a town two hours from home, after one of Armie's fights, they finally both give in to the attraction. They spend an amazing night together....and it could've been an amazing morning too, but two things happen....First, Cherry must've caught the bug that's been going around lately; fever and all....but Denver, and Armie too, take care of her and bring her medicine etc. And then there's the problem with her 'Family'. Three dangerous looking guys have been asking about her. But she's scared and doesn't want anything to do with them. But there's still more that she's not telling Denver...And of course we also hear a lot about Armie and how ex-fighter Havoc tries to get him to sign with the SBC....but for whatever reason, Armie doesn't want to.... plus he's still totally in love with Cannon's sister and then there's the other fighter Stack, who's had a crush on Vanity ever since she came to town - we'll get to hear their story soon!!!!!!WHAT WILL HAPPEN TO DENVER CHERRY???. WILL THE TWO OF THEM GET THEIR HEA???. WILL THERE BE A CLIFFHANGER???. I'm not telling you that of course

SUCH A GREAT BOOK!!!!!!When you've read the prequel to this new series: HARD KNOCKS, and then Cannon's story NO LIMITS, you already know all about the fighters and their possible future girls. Now we finally get to hear Denver Cherry's story. And what a HOT story it was. Unlike many romance novels this one already starts really sexy. They meet at the bar and end up in bed...phew!!!!!!And Denver is such a hot guy - and a nice guy - and a smart guy ..... grrrrrrI really loved the story. There was so much sexiness in it and the suspensy parts with those three bad guys and all the funny moments with Armie and the guys. ...I loved how it wasn't this horribly long story before they finally get together - this is a book where they almost get together in the first chapters....Yeah, there are lots of problems to overcome with both their families, but I really enjoyed reading that all. Something I especially enjoy about this series...this FIGHTER series...is, that it's not really about the fighting - we barely see any professional fighting or any kind of fights, other than with the bad guys in the suspensy parts of the books I'm not such a huge fan of the whole MMA or boxing or wrestling thing PLUS - we get a tiny little Cannon Bonus Scene at the end HOLDING STRONG - was an amazingly beautiful verrrry sexy suspensy Romance! You'll love it!!!!!!I WOULD SOOO LOVE IT if someone would make a TV-series out of the Ultimate Series - just so we could stare and fangirl at Cannon Denver Stack Armie etc. all day long!!!! Oooh and don't forget Rowdy and his buddies from the previous series and Havoc and colleagues from Lori's older fighter series - they're around in Holding Strong too Now I can't wait for the other books in this series!!!!TOUGH LOVE will be book #3 - coming soon.STACK VANITY'S BOOK!!!!!! .....and after that - whoooooopeeeee: FINALLY ARMIE'S MERISSA'S BOOK!!!!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sadly, Denver and Cherry didn't rock me. Von The Book Rogue Sadly, Denver and Cherry didn't rock me. From the summary, I had high hopes, but the combo turned out not really for me. They were all cute, no snark, no teasing. Thus, a little less sexy in my opinion as well. Cherry wasn't really a flirt, that was just Denver's jealousy and thick-headedness. I loved her background story with all the trouble, but while it was supposed to make her relatively tough, she was just sticking her head in the sand the same annoying way Yvette did in No Limits. URGH! If Denver hadn't needed to shoulder his way in, a lot of pain could've been avoided. But nooooo. Denver, on the other hand, you can't help but love. I personally like me some bad boy, but while he was all awesome muscles, athlete smart, charming as they come, and possessive in just the right ways, he gave me more a mama bear vipe instead of the alpha male. Not necessarily a bad thing, the Robin Hood kinda puppy works just fine! Especially with the trouble he had in tow, hot dress and all. It really was something not too chewed out by the genre yet. So I was interested in the plot, but couldn't really hit it off with the main characters. The sidekicks though, that's a whole other story. Both Stack and Armie got whole chapters from their PoV's, and I absolutely loved them! They made me so excited for Tough Love and Fighting Dirty, I was squealing and am already imagining the hottest and most conflicting things! Plus, they tied the series really close together, more than I was used to so far, and I like that too.
