Von Anna Hackett : Holmes: Scifi Alien Invasion Romance (Hell Squad Book 8) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Holmes: Scifi Alien Invasion Romance (Hell Squad Book 8) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The
Generals escapeVon Jane PikeThe two main heroes of that story often showed up in the others before, but they arent

what you expected them to be. Everything before had been only glimpses and masks of the true people beneath. Overall a quite entertaining and interesting story that keeps you wanting more. You want to learn how and if the convoy will reach the enclave and also how they can battle the aliens who seem to improve their abilities. At first look the General and Liberty are quite opposite and you would not think they could pair up or match, but while the story of the still ongoing escape to the enclave continues, you'll see for the first time the other side of the General and Liberty. He is alone and thinks he has to be alone, because of the status in the group, the fact that he has to make the tough decisions, always securing his heart, keeping all at bay and forsaking himself support. Liberty is not only the one who can find all the luxuries that you want, she has a kind heart and is good with people. In this book those two have to work together to push those on the run further and further, fighting the enemies and also themselves. At first they are attracted and then they learn their secrets, growing as a team for those that depend on them and also to support each other. When starting to read, I was not sure what to expect, for me they did not match, but what can I say, they do. And the fight and run comes also not too short in the story. Tough and hard decisions need to be made and it leaves you raw and sorry and then the story finds a new glimmer of hope. I could not put the book down and it was no disappointment. Will be difficult to top that with the next in this series. I really enjoyed it, it is a bit darker, at least for me. All heroes and heroines have issues, but this one was so coherent and unexpected. Absolutely a recommendation to read.

The story focuses on; **GENERAL ADAM HOLMES**, the strikingly handsome, powerful leader of Hell Squad; **LIBERTY LAWLER**, a sexy, bold, charming blue-eyed beauty. What you'll find in this story; a cast of remarkably impressive and engaging characters, astonishing story-line, picturesque and powerful vivid scene descriptions, phenomenal banter, camaraderie, gut-wrenching moments, action packed, horrific danger, life-threatening incidents, emotions spiral, earth-shattering toe-curling sensual romance, and a heart warming conclusion leaving you wanting more. General Holmes has his hands full trying to get what is left of the convoy safely to the Enclave. Every time he feels they are making headway the enemy strikes. Liberty has a way of lifting spirits, giving out candy to the kids, handing out shampoo, or just making people feel comfortable. Liberty has her sights on Adam Holmes, wanting him to unwind, and have some fun. Adam finds himself in a precarious situation; he doesn't want any personal relationships, but Liberty's siren charms makes his desire for her uncontrollable. **WOW/SENSATIONAL**-fast paced well written imaginative read by a truly gifted author. Spine-chilling action, intriguing plot and exhilarating dialogue keep you hooked to the story from start to finish. The romance between Adam and Liberty is fiery and filled with passion and undying devotion. Liberty's lion-hearted persona makes her a most valiant heroine; Adam is force to be reckoned with, a courageous leader. I relished this story, envisioning this adventure and cheering for the awesome characters. If you treasure fantasy romance this is certainly a terrific book for your library. {I was gifted this book and this is my completely honest review}. In the world of fantasy romance the possibilities are endless and always fascinating. Without reservations I recommend this book.

Von DaCon Like always I start with, this is a standalone book, but for better understanding I suggest to please read this series in order. When I started reading "Marcus", I had this picture of a typical stubborn middle aged general in my head with control issues and a stick up his butt. That image changed over time, when reading about everyday life in the base and the hard decisions which had to be made, usually by the general himself without anyone to lean on - not an easy life. He believes he has to stay alone and carry the heavy burden of leadership by himself, without friends or anybody who owns his heart, so that the guilt which of course comes with making decisions that could and do cost lives, will stay solely with him and doesn't burden anybody else. Liberty is described in the earlier books as a girl who really enjoys a good time. She's also the one you would go to if you need supplies of the luxury kind you wouldn't get anywhere else in camp (still wondering how she achieves that). Now you realize, that she is actually the heart of the camp, she knows almost everyone, always has a kind word for anyone who needs it and helps people not to give up hope. And she knows about not giving up, since her life before the invasion wasn't an easy one. On their way to the Enclave, the safe haven they are looking for after being chased away from the blue mountain camp, and still not safe from the Gizzida which are still on the hunt for the survivors, these two discover: You can't live life by yourself without letting anybody in. That even though you tell yourself you live life to the fullest or that you want to protect everybody else from the burdens of decisions life isn't worth living if you have nobody to share it with, to give you a reason to live, to not give up hope. So really this book is all about hope and to never judge a book by its cover, you might just be surprised when you open it and take a closer look. I received an ARC in exchange for an honest review.

Kurzbeschreibung The battle of survival against the invading aliens heats up...but Hell Squad never quits. General Adam Holmes' life is dedicated to keeping his small band of survivors alive. On the run, with only Hell Squad and the other soldiers for protection, they are making their last dangerous drive to the secret stronghold of the Enclave. But there are a lot of aliens between them and their destination, and the survivors are tired, worn, and at the end of their

limits. Adam feels the pressure dragging him down, but as their leader, he can't be their friend and he can't dump his burden on anyone else. Long before the alien invasion, Liberty Lawler survived her own personal hell. Since then, she's vowed to enjoy everything life has to offer and she's managed to do that, even in the middle of an apocalypse. She does what she can to help the survivors in her convoy, but one man holds himself apart, working tirelessly for them all. Liberty can see Adam is at his breaking point and she vows to tear through his rigid control and save him from himself. But the aliens are throwing everything they have at the humans, trying to stop them from reaching the Enclave. Adam will find his resolve tested and the pressure higher than ever. But it will be one beautiful woman--one who won't take no for an answer and who worms under his skin--who can save them all and give him the strength to go on. Note to readers: This sci fi romance contains a lot of action (think invading aliens, vicious creatures and dangerous missions), tough warriors (the sexy, battle-hardened soldiers of Hell Squad) and a steamy romance (lots of sexy times between a fearless general and a determined, headstrong blonde). So if you like it fast, and gritty, and sexy, this is for you! Includes a preview of Among Galactic Ruins, first book in the Phoenix

Adventures. _____ Q A with the Author Q - How would you describe the Hell Squad series? A - Tough, alpha soldiers battling invading aliens. Hell Squad is science fiction romance with a dose of post-apocalyptic grit and a serve of military romance. There is lots of action, adventure and romance. But even in the middle of a fight for survival, the series is focused on hope, friends, family and love. Hell Squad has been one of my bestselling series and I'm thrilled the Hell Squad gang have so many fans. Q - Why did you want to write the series? A - I love action, adventure and romance. And I love science fiction romance and all the endless possibilities. I also wanted to write something that was a little darker and grittier than my more adventure-filled series, the Phoenix Adventures. Then I had this image of a former society party girl wearing fatigues squaring off with a scarred, battle-hardened soldier and Hell Squad was born. I'd intended it to be a single story...but the Hell Squad soldiers had other ideas and literally came to life as I wrote the first book! Q - What order should I read the books in? Q - What order should I read the books in? A - All the Hell Squad books have stand-alone romances in them but the action arc of the invading aliens grows with each book. Many readers have entered the series with later books and they haven't been lost, but, characters from the early stories do appear in later books and I really think it adds something to the reading experience to read them in order. Here's the order I suggest:- Marcus
