Von Samantha Wayland : Home and Away (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Home and Away (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The Moncton IcecatsVon StillReading...and the Morrison Clan both take part of this book. It is strongly related to the

Hattrick series, but can be read without further knowledge of it. For those who have read these books already, all the better nonetheless. This book throws together English nobility and Ice Hockey. Sounds like a strange mix? It is. But in a very artsy way. I read the Hattrick books before this one. Callum already got to me there, so I wanted to know how he ends up. The timelines cross at times, that was a bit strange at first. The world's love for Rupert and Callum, though! The characters are described in detail. One can feel with them. Closeted ice hockey player such as Callum is, does not make the whole thing easier. And then the trick with Rupert baby brother? Brilliant. Also, for fans of "Crashing the net" by Samantha Wayland, Mike and Alexei show up again as well. Something to feed my fandom with! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Sounds like a joke: a Canadian ice hockey player and an English nobleman meet... Von E.T. Rupert Smythe is English, cultured and is scared of big, loud, bullying men - and he is the Moncton Wildcats new manager. Ups. Callum Morrison is big, beefy, loud, an ice hockey player, one of the owners of the Moncton Wildcats - and he will help the new manager for the next few months. Ups. Great book with a lot more to go, likeable characters, good written, fun to read.

Kurzbeschreibung You can build a team, but you have to find your home. Rupert Smythe is fond of many things. Callum Morrison isn't one of them. Rupert is a quiet, thoughtful business man and, sadly, a total wimp. Maybe not the ideal candidate to run a professional hockey team, but he signed on to do it anyway. As his life has reminded him on an almost daily basis since, this isn't the most brilliant idea he's ever had. And that was before Callum showed up. Being in the spotlight is just part of being a professional athlete, but Callum needs a break. He arrives in Moncton unannounced, determined to help grow the team he just bought, and under the assumption he'd be welcome. Possibly he should have tried to make a better first impression. Callum figures he can push through the rest of the summer, never expecting two kids, a host of friends, and his growing feelings for Rupert to derail everything he has ever believed about what he wanted, and what he could have. She wrote her first novel as an escape from the pressures of her day job. That fascinating piece of contemporary erotic mystery/suspense with elements of paranormal, international intrigue, and God only knows what else, is safely tucked under her bed, where it will remain until hell freezes over. Since then she's learned a lot about the craft and turned her attention to writing contemporary MM and MMF M/mage erotic romance. Sam lives with her family--of both the two and four-legged variety--outside of Boston. She used to spend her days toiling away in corporate nerdville but was recently sprung from that hell. Now when she's not locked away in her home office, she can generally be found tucked in the corner of the local Thai place with a few beloved friends (and fellow authors). Her favorite things include mango martinis, tiny Chihuahuas with big attitude problems, and the Oxford comma.
