Von Susan Elizabeth Phillips : Hot Shot (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Hot Shot (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. this is not a typical SEP novelVon Ein Kundelf you like Nora Roberts style of romance, then you will love this book. Susan

takes a new view of Pirates of Silicon Valley. After all the stuff my Info Tech class made me read on Steve Jobs (of Apple computers) I see where she modeled Sam from. I loved the characters. If you have the patience to stick out the book, you will too. Usually, SEP uses humor and situational comedy to hook her readers, but here she tries something different. That does not mean it's bad! I almost didn't read it after a few of these reviews, but I am glad I took the time. As usual, I am upset that's the end of the story, I want to keep on reading about Susannah and hear how the rest of her life turns out. 6 von 7 Kunden fanden die folgende Rezension hilfreich. Long on Detail, Short on Romance Von Ein Kunde Hot Shot contains classic SEP scenes, full of snappy dialogue and sizzling tension, but it's short on romance. The heroine and hero appear to be romantically involved almost as an afterthought, as most of the book centers around the birth of the computer. While interesting, the novel reads more like Judith Krantz than SEP through most of it, and the endless inclusion of technical jargon grows tiring by the end of the novel. 10 von 12 Kunden fanden die folgende Rezension hilfreich. Schade, Schade.... Von Rahsan G|rses Zum ersten Mal bin ich tatschlich enttuscht von SEP. Da ich alle anderen Bcher von ihr habe, und sie als Autorin einfach vergttere, tat ich mir schwer einzugestehen, dass dieses Buch einfach nicht ...gut ist. So schreibt vielleicht ein Sidney Sheldon, aber nicht SEP! Die Liebe kam bei diesem Buch viel zu kurz. Das Beziehungsgeflecht der Protagonisten lie erst gar kein romantisches Flair zu. Es war eher eine Analyse von menschlichen Abgrnden, die bei anderen Autoren nicht unbedingt schlecht anmuten, aber von SEP erwarte ich einfach anderes. Trotz allem bleibt SEP fr mich die absolute TOP Autorin schlechthin und ich kann nur hoffen, dass dieses Buch ein einmaliger Ausrutscher war.
