Bad Boys, Big Dogs, and Belly LaughsVon Sherrie MartinSomeone has shot Homer Ramos in his father's office building and then set the building on fire. He was one bad hombre and won't be terribly missed in the community. Trouble is,

there's a security tape showing the delectable Ranger as the last person out of the building and the cops are looking for him. Jersey bounty hunter Stephanie Plum needs to find Ranger fast, for both professional and personal reasons. While Stephanie is busy looking for Ranger, her Grandma Mazur moves in with her. Granny's taking driving lessons and the proud owner of a red 'Vette bought at a "fire sale." She's still toting her .45 in her purse and is as big a hoot as ever. Between Granny's snoring, arch-rival Joyce's hounding her, Ranger's midnight break-ins, and Morelli's passionate proximity, Stephanie isn't getting a lot of sleep and a regular job at McDonald's is starting to look pretty good to her. To further complicate matters, Stephanie's being tailed everywhere she goes by two goons who work for a man who thinks Ranger has something that belongs to him and that Stephanie will lead him to Ranger. Lula and Connie are back in "Hot Six", plus Bob, the dog Stephanie has inadvertently acquired. Bob is a loveable idiot who I hope sticks around. All of these volatile characters combust right off the pages in an explosion of lunacy and laughs which is just sheer delight to read. I laughed out loud 'til my stomach hurt! The mystery gets solved and Stephanie escapes immolation by the seat of her pants; alas, another couple of her cars aren't so fortunate. Stephanie proves once again that she can get the job done, but her love life is as schizo as ever. Evanovich just keeps getting better and better. Side-splitting installment delivers huge laughs Von Ein Kunde Have you asked yourself if Stephanie Plum's adventures could get any funnier? With HOT SIX, the answer to that is a resounding yes! Stephanie Plum, intrepid bounty hunter, has a problem (or two or three) in this hilarious installment. Her sexy mentor, Ranger, is wanted by the police for questioning with regard to a murder in which he was caught on videotape at the crime scene. Stephanie isn't the only person wanting to find him. There's also Steph's off-again/on-again boyfriend/cop Joe, Mitchell and Habib, two of the least competent thugs in the business and, of course, Steph's boss, Vinnie, who hates losing all that bail bond money. As if Ranger's situation wasn't enough to put Stephanie in a tizzy, she acquires two more roommates -- Grandma Mazur and Bob, the golden retriever with an eating disorder. How many cars will Stephanie demolish? Will she give into Ranger's considerable temptation? Will Joe lose his fear of commitment? Will Lula shoot someone? It's testimony to Janet Evanovich's considerable storytelling skills that not only do you care about the answers to such questions, you fervently wish these people existed! With breakneck pacing, sharp dialogue, highly imaginative and hilarious plot developments, and a vibrant cast of characters, HOT SIX is another winner in this terrific series. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Plum Perfect, Again Von Courtney Stenson Janet Evanovich has created a most hysterical heroine (yet again) in Stephanie Plum in this sixth adventure. Let me just say this about "Hot Six" I bought it 10 minutes after I finished High Five. No joke, I couldn't wait to find out who the lucky man in her life was, and what other FTA's might come her way, and how she will (eventually) get her man. I didn't really think I could ever like someone more than Kinsey Milhone of the Sue Grafton fame, but I do. "Hot Six" should keep you pretty much in stitches, or tears from laughing at the countless shenanigans Stephanie falls victim to. From the dog, to the Dealer and Mooner to her gun carrying grandma, Stephanie handles it all with...ease? Oh, and don't let me forget about the two men in her life, Ranger and Morelli. Better yet, don't get me started. It's too good to tell! You'll have to read this book. There are no two ways about it. I would have given this book more than 5 stars on the rating scale, but they don't allow it! Anyway, READ it, LAUGH, and PASS IT ON to your friends and family. I bet a dollar to a doughnut, you'll hardly be able to wait for the next Stephanie Plum adventure!

Kurzbeschreibung Bounty hunter Stephanie Plum and Trenton vice cop Joe Morelli join forces to find the madman killer who shot and barbecued the youngest son of international black-market arms dealer Alexander Ramos. Carlos Manoso, street name Ranger, is caught on video just minutes before the crime occurs. He's at the scene, he's with the victim, and he's the number-one suspect. Ranger is former special forces turned soldier of fortune. He has a blue-chip stock portfolio and no known address. He moves in mysterious circles. He's Stephanie's mentor--the man who taught her everything she knows about fugitive apprehension. And he's more than her friend. Now he's the hunted and Stephanie's the hunter, and it's time for her to test her skills against the master. But if she does catch him...what then? Can she bring herself to turn him in? Plus there are other things keeping Stephanie awake at night. Her maternal grandmother has set up housekeeping in Stephanie's apartment, a homicidal maniac has selected Stephanie as his next victim, her love life is in the toilet, she's adopted a dog with an eating disorder, and she can't button the top snap on her Levi's. Experience the world of Plum--in Janet Evanovich's new thriller. It's surreal, it's frenetic, it's incendiary. Hot Six. It's the best yet..deNever mind who did the deed with New Jersey bounty hunter Stephanie Plum at the end of High Five. Five months later, that night's only a dim, cherished memory, and Stephanie's freezing her butt off on a Trenton bridge trying to keep her friend Carol--caught shoplifting some crotchless panties she was too embarrassed to buy--from committing suicide. Truth is, I didn't for a minute think she'd jump. For one thing, she was wearing a four-hundred-dollar jacket from Wilson Leather. You just don't jump off a bridge in a four-hundred-dollar jacket. It isn't done. The jacket would get ruined. Carol was from the Chambersburg section of Trenton, just like me, and in the Burg you gave the jacket to your sister, then you jumped off the bridge. When Stephanie finally talks Carol down and makes

it in to work at Vincent Plum Bail Bonds, it's only to find that her libido-boosting pal Ranger, the professional bounty hunter and sometime hit man, has disappeared. A building owned by black-market arms dealer Alexander Ramos has burned down, with Ramos's son Homer lying inside, dead from a gunshot wound. Ranger, who was caught on film there by video cameras, is wanted for questioning. Stephanie's boss Vinnie wants her to find him, but Stephanie, who knows she won't find Ranger if he doesn't want to be found, refuses. Soon everyone, from her cop boyfriend Joe Morelli to the two Laurel and Hardy wannabes who suddenly start following her around Trenton in a badass black Lincoln, thinks she's hot on Ranger's trail. And Stephanie's got other things to worry about. For one thing, Grandma Mazur's moved in with her, and so has Bob, a golden retriever who's only partly house trained. Then Ranger starts popping up at odd times of the night, with instructions for Stephanie to keep an eye on another Ramos son, Hannibal. Add to that one homicidal maniac, a couple more dead bodies, Stephanie's usual bad car karma, and the zit from hell, and you've got yourself one fine Stephanie Plum adventure. Will Stephanie triumph? You can bet a jelly doughnut on it. And there's another great cliffhanger waiting at the end. --Barrie Trinkle.co.uk

Low-rent bounty hunter Stephanie Plum reaches depths of personal experience that other women detectives never quite do. In *Hot Six*, for example, a sequence of new and hideous cars bite the dust; she finds herself lumbered with a policeman's multiply incontinent dog; and she has several bad skin days. All this when she is trying to prove her distinctly more competent colleague and occasional boyfriend Ranger innocent of a mob hit; avoid the heavies trailing her in the hope of finding him; and cope with a wife-abusing bail defaulter with nasty habits, such as setting Stephanie on fire. The peculiar joy of this series is the comic sense of place; Plum's New Jersey is one where everyone you meet, even the most dangerous of criminals, was at school with you, or stole your mother's first boyfriend, or gave your great-aunt a middling good recipe for meatloaf. Evanovich has built up an attractive cast of comic characters with Stephanie's extended family and those of her two boyfriends, the dashing and sinister Ranger and Joe Morelli (the cop whose family are only too keen on his marrying Stephanie). *Hot Six* will not disappoint either her fans or newcomers. --Roz Kaveney
