Wahre Gefühle Von Mrs A Victoria, Ex Marine und ihrem Land verbunden stolpert in eine Welt der magischen Kreaturen und Gesetze. ..Wer Cherise Sinclair wegen ihrer heißen BDSM Bücher liebt, wird hier sehr überrascht sein, wie einfühlsam und spannend sie an eine Gestaltwandler / Menage Geschichte heran geht. Die Sexszenen wachsen mit den Gefühlen der

Hauptdarsteller. Man wird nicht eingesogen in eine Geschichte, sondern wandert durch den Wald der Gefühle. Eine sehr schöne und durchdachte Geschichte. _Vllig anders als die D/S Geschichten. In jedem Falle lesenswert.0 von 0 Kunden fanden die folgende Rezension hilfreich. einfach klasse!! Von AngelikaIch hätte nie gedacht, dass mich ein Shifterroman so begeistern könnte. Aber mir haben die Bücher von Cherise Sinclair so gut gefallen, dass ich mich auch an dieses Thema gewagt habe. Ich habe beide Romane (zweites Buch Winter of the Wolf) schon mehrfach gelesen. Cherise ist einfach die Beste!!

KurzbeschreibungPut Victoria with two Alpha brothers, and wow, oh wow, your socks will be knocked off. First a Marine, then a black ops agent, Victoria Morgan knows the military is where she belongs until a sniper's bullet changes her life. Trying to prove she's not washed up, she rescues a young man from kidnappers. When the dying boy transforms into a cougar and bites her, she learns of an entire hidden society. He begs her to inform his grandfather of his death and to keep the secret of the shifters' existence. She can't refuse, but what if the creatures pose a danger to the country she swore to protect? As guardian of the shifter territory, Calum McGregor wields the power of life and death over his people. When a pretty human female arrives in their wilderness town, he and his littermate become increasingly concerned. Not only is the little female hiding something, but she is far more appealing than any human should be. While investigating the shifters, Victoria begins to fall in love with the werewolf brothers and the town as well. For the first time in her life, she might have a real home. Her hopes are crushed when a deadly enemy follows her from the city, and the shifters discover she knows their secret. Now nobody is safe, least of all Victoria. With a fantastic heroine, two yummy heroes and a whole host of fun side characters... this slick paranormal romance came at me out of nowhere and knocked my socks off. ~ Scorching Book s
