**Von Julia Quinn : How to Marry a Marquis (Agents of the Crown)** before purchasing it in order to gage whether or not it would be worth my time, and all praised How to Marry a Marquis (Agents of the Crown):

KundenrezensionenHilfreichste Kundenrezensionen5 von 5 Kunden fanden die folgende Rezension hilfreich. This book is so incredibly precious...Von Kellie CookI have been reading romance for 19 years and Julia Quinn never fails

to make me laugh. We met James Sidwell, Marquis of Riverdale in "To Catch an Heiress" where we found he has a quick laugh and is a loyal friend to Blake. Deserving his own book, Julia Quinn places James in a country setting, coming to the aid of an elderly relative who is in a bit of a quandary. Elizabeth is her paid companion, and the sparks fly. I adore JQ's work and have recommended her to many. Her work is not the saga-type romance (Small, Henley, Canham) but if you enjoy a quick wit and a sweet story, "How to Marry a Marquis" is for you.4 von 4 Kunden fanden die folgende Rezension hilfreich. Quinn is proving to be strong writerVon Deborah MacgillivrayShe is companion to batty old lady. She had younger siblings depending upon her to keep them from starving. She happens upon a book entitled How To Marry a Marquis, and seizes upon the chance to aid her rusty skills because she knows she must marry to save her brothers and sisters. He is James Sidwell, Marquis of Riverdale, come to the aid of his batty old lady aunt. Masquerading as her new estate manager he is trying to track down a blackmailer. When he discovered her plans to attract a rich husband, he sets about to teach her how to catch a marquis - not realising he is the one stepping into the trap.1 von 1 Kunden fanden die folgende Rezension hilfreich. What FUN!Von Deborah L. KeplerI loved this book. "How to Marry a Marquis" is a fun, sweet, and entertaining story. When Miss Elizabeth Hotchkiss sets out to find a husband, she comes across a "manual" on how to marry a Marquis in her employers' library. When James Sidwell, Marquis of Riverdale; posing as James Siddons, her employers' estate manager, offers to help her, it turns out to be a very interesting lesson in trust, love and accepting that fate plays a hand in all of us. You will absolutely love this book and won't be able to put it down. I would recommend that you also buy "To Catch an Heiress" which is the first book and the characters also play a part in "How to Marry a Marquis". Enjoy!

KurzbeschreibungWhen James Sidwell, Marquis of Riverdale, offered to help Elizabeth Hotchkiss find herself a husband, he never dreamed that the only candidate he could propose would be himself...deSetting: Regency England Sensuality: 8 Elizabeth Hotchkiss needs to marry a wealthy man, and fast. The oldest child of four well-bred orphans, she's managed to keep the wolf from their door for years, but she's running out of options. The only marriage prospect in sight is her landlord, Squire Nevins, but his lecherous gaze makes Elizabeth's skin crawl. So when she discovers the book How to Marry A Marquis in her employer's library, she impulsively stuffs it into her reticule and takes it home. Encouraged by her insistent sister, Elizabeth reluctantly agrees to learn the book's rules well enough to catch a monied husband. But first, she must find a man to practice her wiles on. Enter James Sidwell, the Marquis of Riverdale. Posing as the new estate manager per his beloved Aunt Danbury's instructions, he just happens to arrive at the Danbury estate on the very day that Elizabeth discovers the book. Is it too coincidental that James's Aunt Danbury needs his assistance in catching a blackmailer at the precise moment that Elizabeth needs a guinea pig? Perhaps, but neither Elizabeth nor James have reason to suspect that they're being lovingly maneuvered. James begins to search for a blackmailer, and Elizabeth is high on his list of suspects. While purposely spending time with her to explore her guilt or innocence, however, he's irresistibly drawn to her beauty and kindness as well as her practicality and sharp tongue. And when he learns that she's practicing to entice a husband, he can't resist offering to tutor her in courtship. Before long, the two realize their growing feelings for each other. But the course of true love never did run smoothly, and the lovers encounter a few obstacles along the way. Will the evil Squire Nevins easily give up his designs on Elizabeth and her sisters? What about the nefarious blackmailer? And how will Elizabeth react if she discovers that James is not who he pretends to be? How To Marry A Marquis is a delightful read with witty dialogue that sparkles, wonderful secondary characters--including the difficult Aunt Agatha and an impossibly arrogant cat named Malcolm--sensuous love scenes, and a hero and heroine that readers will fall in love with. --Lois Faye Dyer.co.ukElizabeth Hotchkiss needs to marry a wealthy man, and fast.
