Von Sidney Sheldon : If Tomorrow Comes before purchasing it in order to gage whether or not it would be worth my time, and all praised If Tomorrow Comes:

KundenrezensionenHilfreichste Kundenrezensionen3 von 3 Kunden fanden die folgende Rezension hilfreich. Classic Dramatic WritingVon Summer RushSidney Sheldon has been my favorite author since I first started reading his books (my first three were Nothing Lasts Forever, The Other Side of Midnight, and Master of the Game), and If Tomorrow

Comes is probably my favorite book out of his library of best-sellers. The romance, drama, and intrigue of this book make it an unbeatable read for any Sheldon fan (and many fans of Jackie Collins or Harold Robbins, also), and my personal favorite scene is when the two crooks (Tracy and Jeff {I think that's his name--I haven't reread the book in a few months}) trick the two best chess players in the world even though they'd never played a play of chess in their lives. They end up swindling a lot of money on these crooked games, and all through the book make high security museums and personal residences seem like unlocked cars--easy to open up. I like the romance the best though, since I'm the biggest romantic EVER.

2 von 2 Kunden fanden die folgende Rezension hilfreich. the best book I've ever read

Von Ein Kunde I am a big fan of sidney sheldon. I have read all of his books... "If tomorrow comes" is my all time favorite book. I have read the book 5 times in different languages and I think i will read it again. The main character "Tracy" is a heroine. she goes through all kinds of problems. such as unemployment, a broken engagement, being an inmate in prison, and so on. But in the end she turns out to be the winner. I love the way she outsmarts those who betrayed and harmed her. Tracy is my source of inspiration whenever i find myself in difficult situations. The other thing i like about sheldon's writing is that it kind of takes you to different parts of the world. the characters of his books come from different social, cultural and economical backgrounds. the diversity of the character adds taste and humor to Sheldon's writing. If any of you reading this message, haven't read this wonderful book yet, then you don't know what you are missing.

Von Ein Kunde At the risk of being politically incorrect, I think this is a book that will appeal to bored housewives. After an interesting beginning, the book falls into cliché after cliché as our heroine continually outwits the authorities in increasingly implausible scenarios. I really can't believe so many reviewers gave this book 5 stars. It really is a rather pedestrian work. One reviewer couldn't give it 5 stars because of the "excessive sex." Must be a very sensitive type because I thought there was relatively little sex in the book and what there was was handled in a very romanticized way. Another indicated that it was the best book she had ever read!! My advice...read more books. If this is indicative of Sheldon's work, I certainly won't be reading any more of his books.

Kurzbeschreibung The international bestseller from the master of suspense. A mafia conspiracy and one woman against the world. Tracy Whitney is on top of the world. Young, beautiful, intelligent, she is about to marry into wealth and glamour until, betrayed by her own innocence, she finds herself in prison, framed by a ruthless mafia gang and abandoned by the man she loves. Beaten and broken, but surviving with her dazzling ingenuity, Tracy emerges from her savage ordeal determined to avenge those who have destroyed her life. Her thirst for revenge takes her from New Orleans to London, from Paris to Madrid and Amsterdam. Tracy is playing for the highest stakes in a deadly game. Only one man can challenge her he's handsome, persuasive and every bit as daring. Only one man can stop her an evil genius whose only hope of salvation is in Tracy's destruction
