**Von Mary Frame : Imperfect Chemistry (Imperfect Series Book 1) (English Edition)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Imperfect Chemistry (Imperfect Series Book 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Such a fun read Von Jen R4.5 stars Imperfect Chemistry was a really cute read. Lucy and Jensen are perfect for each other and so much fun to read. Lucy is the kind of character I love. She is this super smart, socially awkward girl who is trying to

study emotions. She has a grant to do so and everything. The only issue? She has never really understood other people and emotions so she is not the best with them. She has been working in the clinic trying to help people with their problems, but oh she is not good at it. You see her talking to Freya in the beginning about Freya's boyfriend who cheated on her and Lucy is just so matter of fact about everything. Not really what you want to hear in that kind of situation, but Lucy doesn't know any better. She thinks she is helping by being so blunt and honest but the people she is counselling don't really like it. So she is forced to take leave and try to figure out what she is going to do. She needs to try and experience emotions so she can figure out what and how exactly she will study them. This is where Jensen comes in. Lucy needs to experience emotions, to study them, so she tries to enlist Jensen to help her out. Oh this was so much fun to read. Lucy doesn't understand why her straightforward way of speaking and going about things put some people off. Really she just asks him if he will help her, just talking, and it is just so shocking he immediately says no. He starts to change his mind as they start to be friendly and he gets used to Lucy and her awkward ways. They were so cute together! Through all of this Lucy learns to be more "normal" and she makes some good friends. I just loved her to pieces. The way she goes about everything, always so honest and open and straight forward with everyone, was just fun to read. I love characters like her. By the end she is still herself, but just tweaked a little bit. I loved her. Jensen was really sweet as well. He gets closer to Lucy and you can see how much he cares for her. He has some family issues, his dad wanting to dictate his life for him, and that causes some problems, but Lucy tries to help him when she can. It was just such a fun, sweet read. I look forward to reading more from this author. This review was originally posted to Jen in Bookland 1 von 1 Kunden fanden die folgende Rezension hilfreich. Jared und Lucy Von Minelli Lucy die Wissenschaftlerin trifft Jared den angeblichen Bad Boy. Lucy versucht ein Experiment durchzuführen und benötigt dafür die Hilfe von jemandem der schon Mal eine Beziehung hatte. Sie kann sich nicht in Menschen hineinversetzen und versucht Emotionen zu studieren. Jared wurde von seiner Exfreundin mit seinem besten Freund betrogen und ist damit das perfekte Studienobjekt. Also ich muss sagen, das Buch war recht unterhaltsam. Allerdings kam mir die eigentliche Studie zu kurz. Im Prinzip handelt es sich hier um eine Szene. Alle Charaktere waren sympathisch. Bester Satz: Is that weird? Groping your ex' ex? Beste Szene: Die Party bei Lucy zu Hause. Lese die ganze Reihe: Mal sehen. Lese mehr von der Autorin: Gibt bis jetzt nur diese Reihe. Lese ich noch Mal: Vielleicht. Leseempfehlung: Für alle die Bones mögen. Die Protagonistin hat mich stellenweise wirklich sehr an Temperance Brennan erinnert. 1 von 1 Kunden fanden die folgende Rezension hilfreich. leichte, witzige Unterhaltung, die trotzdem nicht hirnlos ist. Von Viel-Lese-Maus Lucy ist ein Nerd und will untersuchen, was es mit Liebe und Gefühlen auf sich hat. - Eigentlich nichts Neues, aber dieser Roman ist genial und witzig geschrieben. Es gibt so viele nette Dialoge, dass ich das Buch sicher noch einmal lesen werde. Zudem besteht der Plot nicht nur daraus, dass zwei Menschen sich an die Wsche wollen, obwohl es um das Thema Sex geht. (Es ist kein clean read aber eben auch kein als Romane verkleideter Softporn.) Und auch wenn es leicht und locker geschrieben ist, muss man sein Gehirn nicht ausschalten, um die Geschichte zu ertragen. Auf unterhaltsame Weise werden Lebensweisheiten über Liebe, Sex und Beziehungen eingestreut.

Kurzbeschreibung Lucy London puts the word genius to shame. Having obtained her PhD in microbiology by the age of twenty, she's amassed a wealth of knowledge, but one subject still eludes her: people. The pendulum of passions experienced by those around her confuses and intrigues her, so when she's offered a grant to study emotion as a pathogen, she jumps on the opportunity. Enter Jensen Walker, Lucy's neighbor and the one person she finds appealing. Jensen's life is the stuff of campus legend, messy, emotional, and complicated. Basically, the perfect starting point for Lucy's study. When her tenaciousness wears him down and he consents to help her, sparks fly. To her surprise, Lucy finds herself battling with her own emotions, as foreign as they are intense. With the clock ticking on her deadline, Lucy must decide what's more important: analyzing her passions...or giving in to them?" Perfectly imperfect characters and situations make Frame's debut novel sparkle...there's a very real sense of character growth, brought to life by an evolving narrative style that parallels Lucy's metamorphosis. The blend of humor and heart makes for a thoughtful, highly entertaining read." --Publishers Weekly This is the first book in the Imperfect series and it can be read as a stand alone. All books in this series feature different main characters in the same story world. Kurzbeschreibung Lucy London puts the word genius to shame. Mary Frame is a full time mother and wife with a full time job. She has no idea how she manages to write novels, except that it involves copious amounts of wine. She doesn't enjoy writing about herself in third person, but she does enjoy reading, writing, dancing, and damaging the ear drums of her co-workers when she randomly decides to sing to them. She lives in Reno, Nevada with her husband, two children and a border collie named Stella. She LOVES hearing from readers and will not only respond but likely begin stalking them while tossing out hearts and flowers and rainbows! If that doesn't creep you out, e-mail her at: [maryframeauthor@gmail.com](mailto:maryframeauthor@gmail.com) Follow her on twitter: @marewulf Like her Facebook Author page: [www.facebook.com/AuthorMaryFrame](http://www.facebook.com/AuthorMaryFrame)
