I loved the first book, Imperfect Chemistry, because I just loved the characters, but I wasn't sure I would enjoy this one as much. Well I did.

Freya and Dean were just as great and their story was so much fun. Freya is such a goofball. The way she thinks is hilarious. She is a lot of fun. She had hired Dean to beat up her ex when he cheated on her and that started Dean's side business of embarrassing people's boyfriends. The things he would do were pretty great. Freya first went to Dean because he was this tough guy. She called him Mob guy and doesn't really think that much of him at first. She just sees him as this scary tough guy she is attracted to for some reason. And Freya herself is a bit...she knows she annoys him. She is a bit clumsy and always seems to be doing something stupid when Mob guy is around. Dean and Freya were so cute together. When Dean is in some trouble with the cops, they think he killed some guys he was paid to embarrass, he turns to Freya for help because he really doesn't have anyone else. He keeps to himself partly because he just doesn't have time for anyone else. He is trying to keep his brother and mom with a roof over their heads and money is tight. He works all the time, some not completely legal ways, but nothing too bad. He is a really great guy and just so sweet. When things start to get dangerous for Freya he steps in to protect her (even if she doesn't want him to). They were just so much fun! I loved that they decided to try and figure out who the real killer was and watching the two of them try and be detectives was hilarious at times. It doesn't sound like this book should be as funny as it is, I mean they are trying to find a killer after all, but it was. I just laughed my way through it (which is crazy because I have a hard time finding books that have my sense of humor). I mean how can I not love it when Freya is such a goofball? Oh it was fun. Freya is just as unique of a character as Lucy was. Watching her and Dean get to know each other was really sweet. They are great together. The only problem with the book? When it ended I had no more books by this author to read! I just wanted it to go on and on as the adventures were so much fun. Really a wonderful read. Kurzbeschreibung When Freya Morgan needed revenge on her douchebag ex-boyfriend, she thought hiring the bad boy on campus to scare the poop out of him was a great idea. And it was at first. In fact, scorned girlfriends all over campus started hiring him to exact revenge on their exes. But now some of those exes are turning up dead, and he's the only connection. Dean Collins is in trouble and it's all Freya's fault. She's the one who got him into the vengeance business in the first place, therefore she should help get him out. When Freya agrees to help Dean find the real killer, she discovers that this bad boy isn't so bad, after all. And getting involved with him means more than solving a murder, it means potentially losing her life and her heart. This is book two in the Imperfect Series. It is a stand-alone novel, featuring the same characters from book one, Imperfect Chemistry. Download book one, Imperfect Chemistry for FREE!
