WTF??!!!And my next thought was to give it up and rate it with 1 star.I'm so glad I didn't do it and gave this short novel a chance.It began from the first sight like a cheap porn and grew to a wonderful well-written story about an unusual relationship that had much more heart than some full length novels.I'd recommend to read a blurb before to decide if it is something for you or not.I'm eager to read more of Dominique Frost.0 von 0 Kunden fanden die folgende Rezension hilfreich. A good short story which could have been a little bit longerVon SchattentnzerinA really good short story. The sex is pretty hot and the characters are easy to love. Personally I would have been happy to read more about their feelings and the development of their relationship (especially about their 'coming out') but even without this minor point I really enjoyed the story. Definitely worth a read. :)0 von 0 Kunden fanden die folgende Rezension hilfreich. hotVon Moehot, juicy and explicitI have to fill this with 16 more words, so imagine all the synonyms for "hot and sexy"
