Not the book I fall forVon FlorentinaFor 0.89 you don't really think twice about buying a book that sounds like an interesting story and only has positive reviews so far.But well, for me that was not THE book at all.If you're into sentences like

"She could reach into my chest and rip my heart out of my body because it already belongs to her." then this might be your book. I got annoyed pretty soon by tons of bla bla dialogues (page long discussions whether the protagonist Aimee should go to a party or not - and then there's the next party and the discussion starts all over), not getting to the main part. And then the main part was disappointing as well, it didn't go quite deep into the matter of dealing with loss. At least not in a way that appeals to me. These pretend-to-be-wisdoms, I felt like I've read them a thousand times before. Like a not very good Hollywood romance/drama. Cliché ending included. 2 stars, because there were some better parts as well. I really liked the prologue, it's beautifully written. And you find sentences or paragraphs like that strewn inside the book - but they are rare. I liked the plot line and generally, I liked Autumn Doughton's style of writing. But I think she spoiled the whole thing by including sooo many booooring dialogues (e.g. the ones Aimee had with her friend Jodi which add nothing to the story) and by introducing too many colourless secondary characters I simply didn't care about. What I also didn't like: the constantly alternating first person perspectives of Aimee and Cole. The author sometimes switches perspectives like 3 or 4 times within one scene. That's just too much and more annoying than anything else. This simply isn't the kind of book I fall for. A lot of people seem to love it though. You need to decide yourself, I hope my review helped.

Es spielen so viele wichtige Faktoren mit. Aimee verliert ihre Beste Freundin bei einem Autounfall und hat viele psychische Probleme. Es fällt ihr schwer lebensfroh weiter zu leben, ...es steckt so viel mehr dahinter. Dieses Buch hilft sich mit dem Tod auseinander zu setzen. Freundschaft und Familie ist so wichtig in solchen Zeiten und das merkt auch Aimee. Meiner Meinung nach wäre Cole fast nur die Nebenrolle wenn nicht aus seiner Sicht geschrieben werden würde. Es ist wirklich ein wundervolles und wertvolles Buch und ich hätte auf jeden Fall mehr bezahlt! Super PLUS: Autumn Doughton hat eine wundervolle Art zu Schreiben :)

Liebesgeschichte mit den richtigen Höhen und Tiefen Von Lara Dieses Buch gehört in jene Kategorie, die Lebensweisheiten vermitteln, über die man lange nachdenkt, ob diese jetzt wirklich wahr sind oder nicht. Ja, es geht auch um eine Liebesgeschichte, aber darüber hinaus um viel mehr: Wie sehr darf man von jemanden abhängig sein, wie verarbeitet man am besten Schicksalsschläge, wie wichtig sind Familie und Freunde? Eine rundum tolle Geschichte, sehr lesenswert.

Kurzbeschreibung EVERY MOMENT POSSESSES ITS OWN KIND OF MAGIC Aimee Spencer learned the hard way that for some moments, there are no take-backs, no rewinds, no do-overs. A year ago her world imploded and Aimee has been running ever since. She doesn't want to feel. She doesn't want to remember. To bury the ghosts that haunt her, she is living a life that has become unrecognizable. Cole Everly is a golden boy with a cocky smile and an attitude to match. He's grown accustomed to girls throwing themselves at his feet, but when Aimee trips and literally lands in his lap one afternoon, she's not at all what he expects. Difficult, damaged, closed-off. If Cole needed to make a list of qualities to avoid in a girl, Aimee would probably match up with every single one of them. He knows that he should stay away but he's drawn to her in a way that he can't exactly explain. In this honest and absorbing story, Aimee and Cole struggle to sort out the thin spaces between loss and love. Ultimately, they will need to learn how to navigate through the pieces of the past if they want to hold on to the future and each other. **This book is intended for mature audiences**
