excellent book worth reading it Von Ein Kunde I read the book because I couldn't wait for the German edition. After having read the story about Kyle I wanted to continue with the family saga as soon as possible. And the story didn't disappoint me. It was like I had imagined it, full of suspense, action and romanticism. The story is about Michael Wright who wants revenge for the death of his best friend and for his ruined career as a Navy SEAL. On his private mission he gets to know Tally Cruise, the daughter of his archenemy, and rescues her from drowning after having been thrown overboard due to an explosion. Tally wants to visit her father because he invited her to his island Paradise. For her it's the final possibility to get to know her father since he abandoned her and her mother as she was a child. At first Michael wants to use Tally for his vengeance but then mysterious "accidents" happen to Tally so Michael has to protect her and, the worst of all for him, his feelings become involved... A very beautiful story of two strong and independent characters who find their match. I can't wait to read the story of Michael's two other brothers. 5 von 5 Kunden fanden die folgende Rezension hilfreich. A hero to drool over Von Detra Fitch When Michael Wright first sees Tally Cruise, it appears that she is the girlfriend of her father's henchman, but learns otherwise when this ex Navy seal rescues her from the explosion that ostensibly killed all the others aboard Tally's father's boat. From the moment they meet, Tally and Michael are drawn to one another, leading to some of the hottest sex scenes you will find in a non erotica labeled book. For years, Michael has worked to end the career of the criminal who ended his partner and friend's life. Yet he now finds himself in love with the villain's daughter, an innocent raised away from his criminal activities. As they grow closer, his dilemma worsens. Yet, all is not as it appears, and hidden things come out of the sea to attempt to wreck havoc in Michael and Tally's romance and lives. \*\*\*\* Though Micheal is one of the to die for hunks of the romance world, and Tally is endearing with her many quirks that bring laughter to the novel, I found the plot a bit thin. Without the love scenes, there would be little left to the book, and some readers might find the explicitness offensive. However, there is strong characterization and a good element of humor. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Great read! Von Stephanie Tally Cruise comes to Paradise Island to reunite with her father, an enemy of Michael Wright. Michael blames him for the destruction of his career as a Navy SEAL. When Michael rescues Tally after she is involved in an explosion he is determined to use her to get back at her father. He is soon fighting his reluctant attraction to her and before long is working to keep her out of harm's way. In Too Deep is the third book in the Wright brothers set of TFLAC series books. It's not one to miss and remains one of my favorites!
