He is not sure what he is looking for but he knows he need something to get back to business.Shea tries to escape the golden cage of her family.

And she thinks she knows exactly what she wants: A Tattoo. But that is not what she gets. Shep refuses to do the ink on her and instead offers her to get to know her. Not only because Shea still needs to learn for herself who she really is but because Shep is more than just a bit interested in the Ice Princess. This is a short but really hot read from one amazing Author. I loved Shep from the very first page. A man with a dirty mouth. He says straight out what he is thinking and I love it! She on the other hand is a little bit confused at start and trying to find her way. But Shep helps her out in all the right ways. I really enjoyed the read and highly recommend it! I will certainly read the other books from this series as well - and hope to find more hot Tattoo artists. PS: Loved that Shep had all the right ink and all the right piercings in all the right places ;) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Nicht schlecht, aber auch nicht berragend!
