Ich musste es einfach lesen. Ich bereue nichts.Natrllich war an diesem Buch nichts neu (besonders die naive, 'ich bin nicht hbsch' Heldin).

Dennoch mochte ich alle Charaktere, die sich doch sehr voneinander unterschieden haben und ich war durchweg amüsiert; genau was ich mir von diesem Buch versprochen habe. Ich bin sehr an den Geschichten der anderen Bandmitglieder interessiert (besonders Reagan und ihre Männer). Die Sexszenen... sehr unterschiedlich, sehr verspielt, sehr heiß. Warum habe ich dann nicht 5 Sterne gegeben? Es gab ein paar Dinge, die mich gestört haben. Natürlich Insta-Love. Warum musste das sein? Dann die Schlampen'beschimpfung' (vor allem Toni über sich selbst - und nicht im erotischen Sinn). Die Obsession mit ihren großen Brüsten ging mir ehrlich gesagt auf die Nerven. Sorry. Und eine 'Pussy' kann ein bisschen mehr als nur pulsieren. Dennoch habe ich Toni und Logans Geschichte genießen können. Ich habe ein kostenloses Rezensionsexemplar durch NetGalley im Austausch für eine ehrliche Rezension erhalten. Vielen Dank. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Undeveloped characters, age and maturity are not in sync, many loose ends Von reader I just finished the book and don't know how to rate it. The writing was good, the storyline promising. But there was no buildup or development, the characters were not well-thought-out: - A mother, leaving her 15-year-old daughter to raise a sister with Down-syndrom on her own? - A grandmother touring the US and coming into their life 10 years later claiming to love them? - A reclusive 25-year-old giving her v-card to an admittedly gorgeous hunk after knowing him for one hour? - A nine-year-old with Down syndrom and the mental ability of a five-year-old mostly talking like an adult? - An editor who harasses the owners daughter permanently without getting a reprimand? The history of the various band members was over the top. Sure, it was the first book of a new series and the author had to lay the groundwork, but she should do that a little bit more subtle. The storyline with Susan was just predictable and expected, the development of the relationship between Toni and the band well described as was the evolving romance between Toni and Logan. I really liked the band and Logan with his easy going personality, his surprises, his attentiveness, his generosity, but did not like Toni behaving like a doormat.

Raised on hard rock music from the cradle, she attended her first Styx concert at age six and fell instantly in love with live music. She's been known to travel over a thousand miles just to see a favorite band in concert. As a teen, she discovered her second love, romantic fiction first, voraciously reading steamy romance novels and then penning her own. Growing up as the daughter of a career soldier, she's lived all over the United States and overseas. She currently lives in Illinois.
