addictionVon -KundeThree brothers and all of them so very handsome!!Always the middle child Stone keeps the family and the business together. When the new doctor moves to town he falls head over heels. And reveals that he would like to live his own life besides the family business.Emma moves to town after her father the town doctor had suffered a heart attack. Being a doctor herself she jumps in to fill the position while her father recovers. At first she neglects her instant attraction to Stone Wilder but she can't resist for long.This story is really nice because it concentrates on the two of them without dangerous or constructed situations to face. It is the story of Stone and Emma, who are getting to know each other and falling for each other with lots of passion.Therefore: THUMPS UP!!0 von 0 Kunden fanden die folgende Rezension hilfreich. Teil 2 der Wilders Serie, leider nicht mehr ganz so gutVon Petra PfaffenbergerLeider ist der 2. Teil der Wilders Serie nicht mehr ganz so gut gelungen.Der erste Teil hat durch sehr witzige Szenen und einem liebenswert chaotischen Hauptcharakter geglnzt.In diesem Buch fehlt das leider. Zwar sind die Hauptfiguren ebenso liebenswert mit all ihren Macken, aberleider sind es eben ernstere Charaktere.Trotz diesem kleinen Manko kann ich die Geschichte wirklich empfehlen. Es ist eine se Story in der man auchliebgegewonnene Bekannte aus dem ersten Teil wieder trifft.0 von 0 Kunden fanden die folgende Rezension hilfreich. Oh wie schn!!!Von booksmoreJill Shalvis hat mit diesem Buch wieder einmal einen besonders schnen Roman geschrieben, der so richtig zu Herzen geht. Es handelt sich zwar um leichte Kost, aber die Geschichte von Emma und Stone ist so richtig schn! Die Charaktere sind alle durchweg liebenswert, natrlich sehr attraktiv und behaupt zum Dahinschmelzen. Fazit: Fr Liebhaber romantischer, erotischer Literatur absolut lesenswert!

KurzbeschreibungStone Wilder is no less a daredevil bad boy than the rest of his brothers, especially when the thrill of a lifetime is about to arrive in a surprising package. . .The Doctor Is In DeepWishful, California, is 3000 miles from Dr. Emma Sinclair's last job in a New York City ER. Running her father's clinic for a summer, Emma treats bee stings, stomach flu, and the occasional pet cat. Then there's Stone Wilder: gorgeous, laid-back, and irritating beyond belief. Emma loathes him. Almost as much as she wants to throw him on her examining table and break every doctor-patient rule in the book. . .Paging Dr. Sinclair. . ."Shalvis writes with humor, heart, and sizzling heat!" --Carly Phillips"A total original! Humor, intrigue, and scintillating sex.
