winner from Rachel Gibson...Keep 'em coming! Von Barb Warner Deane It Must Be Love is set in Idaho, Rachel's home state, and features a wonderfully sensual and completely to-die-for hero, Joe Shanahan. I have to admit, there was nothing about this book that I didn't love. Studly undercover cop Joe Shanahan meets the heroine, Gabrielle Breedlove, because he is tailing her as part of an investigation into a major art theft. When he follows her on her morning jog about one week into his surveillance, Gabrielle jumps him, sprays hairspray in his eyes, wrestles him to the ground, and threatens him with an antique derringer. Needless to say, our boy Joe is not pleased that a light-weight, new-ager art and antique dealer got the jump on him. Sparks fly from the very start. Gabrielle is petrified because she thinks Joe is a stalker. Once she finds out he's a cop and she's under arrest for assault and carrying concealed, she can't even stand to look at Joe because she's so angry. Of course, that's when she's informed that she, her partner, and her shop are under investigation for fencing stolen art. When she agrees to help the police by acting as an informant, she finds out Joe will be there the whole time, posing as her boyfriend. Obviously, this makes for some interesting scenes. In addition to the steam created by the hero and heroine, this book is filled with interesting secondary characters. Gabrielle's mother is a self-proclaimed psychic who has a vision of Gabrielle's love affair with a dark, handsome stranger. Joe's family, including his four older sisters, are determined to get Joe married and happily producing more grandchildren for his parents. Joe's pet parrot, Sam, has a potty mouth from watching too many Jerry Springer episodes, but is equally fond of Clint Eastwood. And even the bad guy, Gabrielle's partner Kevin, has covered every inch of his bedroom in mirrors where "Mr. Happy" entertains the girl of the month. Against this eclectic and rich backdrop, Rachel has crafted a funny, tender, and sensual journey for Joe and Gabrielle to travel, in order to achieve their little slice of heaven. One of my favorite moments, other than the witty conversation and sizzling chemistry, is when Joe realizes (as we wish we all could realize sooner) that what he thought he wanted in a wife wasn't what was going to make him happy. And that what will make him happy in life, Gabrielle, is fine just the way she is, even though she's so far off what he had been envisioning. This is a great book, definitely a keeper, and is one more reason to wait with baited breath for Rachel's next book. Great job, Rachel - keep up the good work! Simply irresistible humorous tale Von Ein Kunde Boise Police Detective Joe Shanahan has been tailing antique storeowner Gabrielle Breedlove for a week. He suspects that she and her partner Kevin Carter stole a Monet from the state's wealthiest person Norris "The Potato King" Hillaird and that they plan to sell it on the black market. He also thinks the store is a front for selling other illegally gotten items. However, Gabrielle believes Joe is a stalker. She not only confronts him, but she somehow gets the jump on him, something that has never happened to him in his fifteen-year law enforcement career. Joe manages to reverse his embarrassing position and arrests Gabrielle for holding a concealed weapon. Since his cover is already blown, he questions her about the stolen Monet. Wanting to get the law off her back and believing her partner is innocent, Gabrielle agrees to cooperate on the stolen masterpiece investigation by pretending Joe is her boyfriend and new employee. As they stay in close proximity and encouraged by his matchmaking siblings, Joe and Gabrielle fall in love. However, he is a by-the-book cop and she is a free spirited sprite, a combination that makes a lasting relationship seem improbable. In just two years, romance fans who enjoy reading sexy humorous tales have found the works of Rachel Gibson to be SIMPLY IRRESISTIBLE, believing the novels are truly madly written for them. Her newest book, IT MUST BE LOVE, is a jocular but passionate tale of love between opposites. Joe and Gabrielle are a warm couple trying to fight their growing attraction to one another. The support cast helps bring Idaho to the forefront of the entertaining story line. Ms. Gibson is one of the top authors of romantic sexy romps in the twenty-first century.

I have no idea how the editor's let it pass, but I have to admit using the sentence "the affidavit had to be as tight as a virgin's coochie" put me off. I wasn't offended, just upset that the English language was being slandered in the name of a rough hero. Now the story. Well I wish there was one. It looked like the remake of a Jayne Ann Krentz book (any book; all her stories are the same) with bad language and lame English. Cop meets woman who is a little on the crazy side because she believes in Karma and mysticism...that's the story. Now why did Rachel Gibson HAVE to write something when she didn't feel like it. I wish writer's didn't sign their contracts before they write their books. The end result is IT MUST BE LOVE, a book that was obviously printed because the writer met her deadline.

Kurzbeschreibung Undercover cop Joe Shanahan's bad luck hit bottom the morning he stared up into the face of sexy suspect Gabrielle Breedlove. She'd blown his cover brought him down with a can of hairspray and now his new assignment was to pose as her boyfriend. But spending as much time as possible with the utterly irresistible New Age beauty caused unexpected complications. To make matters worse, his matchmaking sisters are picking out china patterns. Joe's brooding good looks and T-shirt-straining muscles might be easy on the eyes, but how could Gabrielle be attracted to a straight-laced detective who's determined to find evidence to arrest her? Still, he invades her dreams and when they share a transcendent lovemaking experience, Gabrielle knows it must be love. Undercover cop Joe
